COLLEGE AND UNIVERSITIES OF THE STATE BOARD

SUBJECT

Intercollegiate Athletics Reports of revenues, expenditures, participation

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section III. T.4.

BACKGROUND

Responsibility, management, control and reporting requirements for Athletics are detailed in the attached policy. The institutions are required to submit regular financial reports as specified by the Board office. The revenue and expenditures reported must reconcile to the NCAA Agreed Upon Procedures Reports that are prepared annually and reviewed by the external auditors.

DISCUSSION

Board policy establishes limits on the amount of general account and institutional funds an institution can allocate to athletics. These limits are adjusted annually at the same rate of change as the general education appropriation. Increases to the student activity fee supporting athletics are limited to the rate of increase for the total student activity fees. There is no limit on program funds. Appropriated funds above the limit can be allocated for additional women's programs, addressing gender equity issues.

In fiscal years 2005 and 2006, the Legislature passed House Bill 805 (HB805), House Bill 395 (HB395), and Senate Bill 1263 (SB1263), respectively. These bills provided additional one-time salary increases for eligible state employees, and the institutions expended these additional amounts in addition to the established limits for both General Education and Institutional Limits as outlined at the bottom of page five. Board staff has reviewed the data submitted by the institutions, and their data indicate adherence to the limit policy.

IMPACT

The reports present the financial status of the intercollegiate athletic programs and the participation of students in the various sport programs.

ATTACHMENTS

The following charts and worksheets are provided:

Attachment 1 Chart identifying the Board limits from general Page 5
Education appropriated funds and from institutional

funds. All institutions are within the limits.

Attachment 2	Chart identifying the revenue by major source for institution. Displays the relationship among the funding sources.	Page 7
Attachment 3	Chart identifying the revenue by major source as a percent of the total athletic revenue.	Page 8
Attachment 4	Athletic departments fund balance at fiscal year end	. Page 9
Attachment 5	Chart displaying students participating in athletic programs and the number of students participating who are on scholarships, both full-ride scholarships and partial scholarships.	Page 10
Attachment 6	Intercollegiate Athletic report worksheets for each institution consisting of five pages each. The reports identify actual revenue and expenditures for Fiscal Years 2003 through 2007 and estimated revenue and expenditures for Fiscal Year 2008. For each institution, the first page summarizes revenue and expenditures; the second and third pages categorize revenue and expenditures by sport; the fourth page identifies the number of participants by sport; and the fifth page identifies the number of scholarships (both full-ride and partial) by sport.	Page 11-33

STAFF COMMENTS AND RECOMMENDATIONS

Idaho State University had a negative fund balance at the end of FY 2007, primarily due to increasing costs for administrative salaries and benefits, team travel, game expenses and marketing. Operating revenues at Idaho State University, including state and institutional support, increased by over \$375,000 and expenses increased by over \$1,100,000, while participation remained relatively flat. There are no estimated negative year-end end fund balances for all institutions for FY 08 (Page 9).

The charts on page 10 show the number of participants and scholarships for the last five years, plus the forecast for FY 2008. These charts also show the expenditures per participant. The expenditures per participant have been increasing for each institution through FY 2007. This means institutions are spending more on athletics per student athlete. All institutions anticipate this trend to reverse in FY 2008, except the University of Idaho. Staff is not certain what the optimum level of expenditures is per participant.

The format for the athletics report changed in FY 2006 in order to replicate the reports required by the National Collegiate Athletic Association (NCAA).

Therefore, amounts in some rows will start in FY 2006 because they were not separately tracked in the old format, or amounts will only be shown through FY 2005 as those are now included in other rows starting in FY 2006.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

State Board of Education

Intercollegiate Athletics Support Limits

Attachment 1

Board Policy (III.T.3.) on funds allocated and used by athletic program from:

General Education Funds:

"... In subsequent years, the limits shall be computed by an adjustment for the rate of change in the general education funds allocated by the Board. Beginning in FY98, the limits for each institution may be raised by the amounts annually approved and budgeted for implementation of institutional gender equity plans."

Institutional Funds:

"shall not exceed \$250,000 for Boise State University; \$350,000 for Idaho State University; \$500,000 for University of Idaho; and \$100,000 for Lewis-Clark State College for FY2000. In subsequent years, these limits shall be computed by an adjustment for the rate of change in the general education funds allocated by the Board."

Student Fee Revenue:

"shall not exceed revenue generated from student activity fee dedicated for the athletic program. Increases to the student fee for the athletic program shall be at the same rate of increase as the total student activity fees." Program Funds:

"the institutions can use the program funds generated, without restriction."

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES
SECTION: III. POSTSECONDARY AFFAIRS

T. Intercollegiate Athletics

April 2002

4. Financial Reporting.

The Board requires that the institutions adopt certain reporting requirements and common accounting practices in the area of intercollegiate athletic financing. The institutions will submit the following reports to the Board:

- a. At the April Board meeting, the institutions shall submit a budget plan for the upcoming fiscal year beginning July 1. The plans shall detail the sources of revenue by category.
- b. At the June Board meeting, the institutions shall submit an operating budget for the upcoming fiscal year beginning July 1 in a format prescribed by the Board office.
- c. At the October Board meeting, institutions shall submit a statement of current funds, revenues, and expenditures, in the detail prescribed by the Board office, including all revenue earned during a fiscal year. A secondary breakdown of expenditures by sport and the number of participants will also be required. The number and amounts of nonresident tuition waivers and the fund balances as of June 30 of the report year should be included in the report. The general format of the report will be consistent with the format used in recent years. The revenue and expenditures reported on these reports must reconcile to the NCAA Agreed Upon Procedures Reports that are prepared annually and reviewed by the external auditors. The following fiscal year's financial information will be reported by each institution:
- (1) Estimated revenues and expenditures for the current fiscal year.
- (2) Actual revenues and expenditures for the fiscal year most recently completed.
- (3) Proposed operating budget for the next budget year beginning July 1. This report, however, will be submitted to the Board at its June meeting with other institutional operating budgets.
- d. An annual report of estimated (for the current year) and actual (for the most recently completed year) revenues and expenditures of the institution's booster organization, requested for submission to the Board for information only.

e. A general narrative paper explaining each institution's policy on grants-in-aid for men and women athletes (including nonresident tuition waivers), procedures for charging or allocating costs for facilities' use to athletic programs, and any allocations of personnel or operating expenses to or from the other departments or units of the institution.

COLLEGE AND UNIVERSITIES OF THE STATE BOARD

SUBJECT

Intercollegiate Athletics Department, Employee Compensation Report

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section III. T.4.

BACKGROUND

In FY97, the Board adopted an annual report on the compensation of the employees of the Intercollegiate Athletic Departments. The report details the contracted salary received by administrators and coaches, bonuses, additional compensation, and perquisites, if applicable. The reports, by institution, report FY07 actual compensation and FY08 estimated compensation.

DISCUSSION

The reports are for information only and do not require Board action.

IMPACT

Reports athletic employee compensation for FY07 (actual) and FY08 (estimated).

ATTACHMENTS

Attachment 1 - Boise State University	FY07 Actual	Pages 3-5
	FY08 Estimate	Pages 7-9
Attachment 2 - Idaho State University	FY07 Actual	Pages 11-13
	FY08 Estimate	Pages 15-17
Attachment 3 - University of Idaho	FY07 Actual	Pages 19-21
	FY08 Estimate	Pages 23-25
Attachment 4 - Lewis-Clark State College	FY07 Actual	Pages 27-28
	FY08 Estimate	Pages 29-30

STAFF COMMENTS AND RECOMMENDATIONS

The Board has delegated to the Chief Executive Officer of each institution the appointing authority for all athletic department positions, except multi-year contracts for head coaches and athletic directors. The compensation reports identify the contracted salary and any additional compensation and perquisites, if received.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

(*) These coaches receive pay for their participation in off-campus clinics or events. These earnings are not reflected in the Regular Salary payroll costs for Idaho State University.

If a coach has an agreement with an apparell company, cash payments (payroll) should be reported as compensation. Report the value of of clothes and equipment that you know coaches receive in the Perks–Other column. Payments from the foundation should be reported in the other column. Indicate "Yes" or "No" if department employees have an assigned car. If there has been turnover in a position, the FTE should reflect the percent of time employed.

REFERENCE: APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES
SECTION: III. POSTSECONDARY AFFAIRS

T. Intercollegiate Athletics April 2002

4. Financial Reporting.

The Board requires that the institutions adopt certain reporting requirements and common accounting practices in the area of intercollegiate athletic financing. The institutions will submit the following reports to the Board:

- a. At the April Board meeting, the institutions shall submit a budget plan for the upcoming fiscal year beginning July 1. The plans shall detail the sources of revenue by category.
- b. At the June Board meeting, the institutions shall submit an operating budget for the upcoming fiscal year beginning July 1 in a format prescribed by the Board office.
- c. At the October Board meeting, institutions shall submit a statement of current funds, revenues, and expenditures, in the detail prescribed by the Board office, including all revenue earned during a fiscal year. A secondary breakdown of expenditures by sport and the number of participants will also be required. The number and amounts of nonresident tuition waivers and the fund balances as of June 30 of the report year should be included in the report. The general format of the report will be consistent with the format used in recent years. The revenue and expenditures reported on these reports must reconcile to the NCAA Agreed Upon Procedures Reports that are prepared annually and reviewed by the external auditors. The following fiscal year's financial information will be reported by each institution:
- (1) Estimated revenues and expenditures for the current fiscal year.
- (2) Actual revenues and expenditures for the fiscal year most recently completed.
- (3) Proposed operating budget for the next budget year beginning July 1. This report, however, will be submitted to the Board at its June meeting with other institutional operating budgets.
- d. An annual report of estimated (for the current year) and actual (for the most recently completed year) revenues and expenditures of the institution's booster organization, requested for submission to the Board for information only.

e. A general narrative paper explaining each institution's policy on grants-in-aid for men and women athletes (including nonresident tuition waivers), procedures for charging or allocating costs for facilities' use to athletic programs, and any allocations of personnel or operating expenses to or from the other departments or units of the institution.

BOISE STATE UNIVERSITY

SUBJECT

Approval to renew a corporate sponsorship agreement with Verizon Wireless

REFERENCE

August 2005 Board approved corporate sponsorship agreement

with Verizon Wireless.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.6.b.

BACKGROUND

Boise State University's Athletics Department actively promotes corporate sponsorships of its intercollegiate athletic teams and facilities. These agreements give sponsors an opportunity to advertise and promote their organization at university athletic events and in media advertising, in exchange for a multi-year monetary commitment.

DISCUSSION

This sponsorship is designated as a major corporate partnership with benefits, including signage and media advertisement in Boise State University's athletic venues, radio, television, and print advertisements; as well as corporate hospitality benefits, including rights to game sponsorship, use of logo in advertising, tickets to certain events, and access to coaches for speaking engagements. Details of the corporate sponsorship agreement are found in the attached copy of the proposed agreement.

IMPACT

The value of this contract is based on the success of Boise State University's intercollegiate athletics program and the sponsor's interest in being affiliated with the program. The proposed sponsorship agreement provides that Verizon pay Boise State University \$150,000 for each year of the two-year agreement, a twenty-five percent increase over the previous sponsorship agreement.

ATTACHMENTS

Attachment 1 – Proposed Contract

Page 3

STAFF COMMENTS AND RECOMMENDATIONS

The cash portion of the previous agreement was \$120,000, and the institution received a \$30,000 trade or credit applied to its cell phone usage. The new agreement is for \$150,000 cash annually with no credit. According to the university, the fixed fee is less than prior year net expenditures and much easier to administer. Staff recommends approval.

BAHR – SECTION II TAB 3 Page 1

BOARD ACTION	
A motion to approve Boise State University's request to enter into the	attached
corporate sponsorship agreement with Verizon.

SPONSORSHIP AGREEMENT BETWEEN VERIZON WIRELESS AND BSU ATHLETICS, ON BEHALF OF BOISE STATE UNIVERSITY

This Sponsorship Agreement (the "Agreement) is by and between **Verizon Wireless (VAW) LLC d/b/a Verizon Wireless** (hereinafter referred to as "Verizon Wireless") and **BSU Athletics**, **on behalf of Boise State University** (hereinafter referred to as "BSU"). The Agreement shall be effective as of the date executed by authorized representatives of both parties (the "Effective Date").

RECITALS

- A. BSU has the right and authority to offer certain sponsorship and promotional opportunities for the BSU Athletics Game Season at 1910 University Drive, Boise, ID 83725 for the 2007-2008 and 2008-2009 Season ("Game(s)").
- B. BSU and Verizon Wireless desire to enter into an agreement in which BSU will offer Verizon Wireless certain sponsorship promotional opportunities in conjunction with the Game(s), all subject to the terms and conditions provided in this Agreement.

NOW, THEREFORE, in consideration of the parties' mutual covenants, warranties, representations and promises contained herein, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties agree as follows:

I. SPONSORSHIP

BSU shall provide the sponsorship and marketing elements to Verizon Wireless during the Term (defined in Section 4), as specified in Exhibit A and Verizon Wireless shall pay to BSU the Sponsorship Fee as set forth in Exhibit A.

II. NAMES AND LOGOS

A. During the Term, BSU hereby grants to Verizon Wireless the non-exclusive right to use BSU's trade names, logos, emblems or insignia set forth on Exhibit B (collectively, the "Licensed Logos") solely in connection with Verizon Wireless's promotion of its association with BSU and subject to compliance with the provisions of this section. BSU represents and warrants that it has the full legal power and authority to extend the rights granted to Verizon Wireless under this Agreement with respect to the Licensed Logos. Verizon Wireless agrees that all ownership rights in the Licensed Logos will remain in BSU, that Verizon Wireless will not claim any right, title, or interest in and to the Licensed Logos, except the limited right to use pursuant to this Agreement, and that Verizon Wireless will not apply for nor obtain any state or federal service mark or trademark registration, or any foreign service mark or trademark registration, covering or including the Licensed Logos. Verizon Wireless will submit in writing all uses by it of the Licensed Logos to BSU for its written approval, which approval will not be unreasonably withheld. However, Verizon Wireless will comply with all reasonable written instructions of BSU regarding the manner of display of copyright or trademark notices of any such material. If BSU does not object to any such use or uses within seven days after the submission of the proposed use, any such use or uses will be deemed to be approved. Verizon Wireless will not depart from the submitted use or uses without obtaining BSU's prior written consent. Verizon Wireless will

- take no action inconsistent with or damaging to BSU's trademarks, names, designs, emblems, slogans, logos or insignia or the goodwill associated therewith. Any right to use the Licensed Logos under this Agreement shall terminate upon termination of this Agreement.
- B. During the Term, Verizon Wireless hereby grants to BSU the non-exclusive right to use Verizon Wireless's trade names and logos set forth on Exhibit C (the "Verizon Wireless Logos") solely in connection with BSU's promotion of the Game(s) being sponsored pursuant to this Agreement and Verizon Wireless's sponsorship of such Games and subject to compliance with the provisions of this section. BSU agrees that all ownership rights in the Verizon Wireless Logos will remain in Verizon Wireless, that BSU will not claim any right, title or interest in and to the Verizon Wireless Logos, except the limited right to use pursuant to this Agreement, and that BSU will not apply for nor obtain any state or federal service mark or trademark registration, or any foreign service mark or trademark registration, covering or including the Verizon Wireless Logos. BSU will submit in writing all uses by it of the Verizon Wireless Logos to Verizon Wireless for its written approval, which approval will not be unreasonably withheld. However, BSU will comply with all reasonable written instructions of Verizon Wireless regarding the manner of display of copyright or trademark notices of any such material. If Verizon Wireless does not object to any such use or uses within seven days after the submission of the proposed use, any such use or uses will be deemed to be approved. BSU will not depart from the submitted use or uses without obtaining Verizon Wireless's prior written consent. BSU will take no action inconsistent with or damaging to Verizon Wireless's trademarks, names, designs, emblems, slogans, logos or insignia or the goodwill associated therewith. Any right to use the Verizon Wireless Logos under this Agreement shall terminate upon termination of this Agreement.

III. TERM OF AGREEMENT

The term of this Agreement shall commence on the Effective Date and shall terminate on end of 2008-2009 Season (the "Term"). The Term of this Agreement shall not be extended, except upon written agreement by the parties.

IV. INSURANCE

BSU is a "governmental entity," as defined under the Idaho Tort Claims Act, specifically, Idaho Code section 6-902, as well as a "public employer," as defined under the Idaho Worker's Compensation law, specifically, Idaho Code section 72-205. As such, BSU shall maintain, at all times applicable hereto, comprehensive liability insurance in such amounts as are proscribed by Idaho Code section 6-924, as well as worker's compensation insurance for its employees, as required under Idaho Code Section 62-301. BSU's liability insurance obligations shall be administered by the Administrator of the Division of Insurance Management in the Department of Administration for the State of Idaho, and may be covered, in whole or in part, by the State of Idaho's Retained Risk Account, as provided under Idaho Code Section 6-919. BSU shall insure its liability for worker's compensation through the State of Idaho's State Insurance Fund, as provided under Idaho Code section 72-301. BSU shall provide to Verizon Wireless a Certificate evidencing such insurance upon request by Verizon Wireless.

V. INDEMNITY

Each party to this Agreement (the "Indemnifying Party") shall defend, indemnify, and hold harmless the other party (the "Indemnified Party"), the Indemnified Party's officers, employees, partners, agents and affiliates from and against any loss, cost, expense, and liability, including reasonable attorneys' fees, to the extent resulting from any negligent or intentionally wrongful act or omission arising out of the exercise of their rights or the

performance or breach of their obligations under this Agreement. Notwithstanding the preceding, this obligation to indemnify shall not apply to any claim to the extent arising from any negligent or intentional conduct of the Indemnified Party or of any agent, employee or licensee of the Indemnified Party. Nothing herein shall be deemed to constitute a waiver by BSU or the State of Idaho of any privilege, protection or immunity otherwise afforded them under the Idaho Constitution, Idaho Tort Claims Act, or other applicable law.

VI. LIMITATION OF LIABILITY

IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY, ITS EMPLOYEES, SUBCONTRACTORS, AND/OR AGENTS, OR ANY THIRD PARTY, FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE DAMAGES, OR LOST PROFITS FOR ANY CLAIM OR DEMAND OF ANY NATURE OR KIND, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE PERFORMANCE OR BREACH THEREOF.

CONFIDENTIALITY

Boise State University shall hold in confidence information received from Verizon Wireless that is designated confidential or proprietary or that a reasonable person would treat as confidential based upon the nature of the information disclosed or the circumstances of the disclosure ("Confidential Information") for the Term and a period of 2 years thereafter. Boise State University shall not disclose Confidential Information to any third party or use Confidential Information for any purpose other than as specified in this Agreement. All information in written, graphic or other tangible form shall be returned to Verizon Wireless upon request.

The foregoing restrictions shall not apply to information that: (a) is or becomes publicly available through no act or omission of the receiving party; (b) was already in the lawful possession of the receiving party without an obligation of confidentiality; (c) is lawfully disclosed to the receiving party by a third party without restriction; (d) is required to be disclosed by subpoena or other legal process, limited to the extent required by the terms of such subpoena or other legal process; (e) is approved in writing by the disclosing party for further disclosure; or (f) is independently developed without reference to the Confidential Information and is so documented by the receiving party.

RELATIONSHIP OF PARTIES

The parties hereto acknowledge that each party is an independent contractor and is not the agent, partner or joint venturer of the other for any purpose and that nothing contained herein or done pursuant hereto shall be construed to create any relationship between Verizon Wireless and BSU other than as expressly set forth in this Agreement or to make the parties joint venturers or partners in any respect whatsoever.

VII. FORCE MAJEURE

If either party hereto shall have been prevented in whole or in part from performing its obligations hereunder by virtue of any cause beyond such party's control, then the obligation of such party shall be excused for a period of time equal to the period during which the party shall have been prevented from performing; provided, however, that if any such event prevents the occurrence of a Game covered by the terms of this Agreement, the parties shall cooperate in good faith such that the rights and obligations of the parties hereunder may be fulfilled by rescheduling, substitution, alternate performance, or similar means. If

such substitution or rescheduled Game does not take place within thirty days from the originally scheduled date of the Game, then Verizon Wireless shall be entitled, at its option, to a refund or offset on a pro rata basis of the fees set forth in <u>Exhibit A</u>.

VIII. DISPUTE RESOLUTION/ARBITRATION

- A. The parties agree to attempt to settle any dispute arising out of this Agreement through consultation and negotiation in good faith and in the spirit of mutual cooperation. Accordingly, if the parties have a dispute, the parties agree to meet to try to resolve the dispute within fourteen (14) days after one party delivers a written request for a meeting to the other party. If after such meeting, the parties have not succeeded in negotiating a resolution of the dispute within 30 days, then either party may commence arbitration as provided herein by delivering a written demand for arbitration to the other party, except as is otherwise expressly provided for in this Agreement.
- B. If either party commences arbitration in the manner described above, the dispute will be subject to binding arbitration before one (1) independent arbitrator familiar commercial transactions of the type and nature of this Agreement. Such arbitration shall be held in Boise, Idaho, pursuant to the American Arbitration Association ("AAA") rules and procedures in effect at the time of the dispute, as modified by this Agreement and administered by the AAA. The arbitrator shall be selected by the joint agreement of the parties, but if they do not so agree within fourteen (14) days after the date of the notice referred to above, the selection shall be made by AAA pursuant to the AAA Rules.
- C. Any award rendered by the arbitrator shall be conclusive and binding upon the parties; provided, however, that any such award shall be accompanied by a written opinion of the arbitrator giving the reasons for the award. The arbitrator shall have the authority to require the submission (at hearing or otherwise) of such documents, information, testimony, and other items as the arbitrator may deem necessary to make a fair and reasonable decision. In all arbitrations, the arbitrator will decide whether or not an issue is arbitrable. The arbitrator shall have no authority to award relief in excess of what is permitted by this Agreement. The findings of the arbitrator may not change the express terms of this Agreement and shall be consistent with the arbitrator's understanding of the findings that a court of proper jurisdiction would make in applying the applicable law to the facts underlying the dispute.
- D. This provision for arbitration shall be specifically enforceable by the parties and the decision of the arbitrator shall be final and binding with no right of appeal. Each party shall pay its own expenses of arbitration, and the expense of the arbitrator shall be shared equally; provided, however, that the arbitrator may assess, all or any part of the arbitration expenses of the other party (including reasonable attorneys' fees) and of the arbitrator against the non-prevailing party as part of the award. THE ARBITRATOR SHALL NOT AWARD ANY PARTY PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES, AND EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT TO SEEK SUCH DAMAGES.
- E. All applicable statutes of limitation and defenses based upon the passage of time shall be tolled while the procedures specified in this Section 9 are pending. The parties will take such actions, if any, required to effectuate such tolling. The parties will not be prohibited from seeking injunctive relief to preserve the status quo pending resolution under this provision. The arbitration shall be governed by the United States Arbitration Act, 9 USC §§1-16, as amended.
- F. EVEN IF APPLICABLE LAW PERMITS CLASS ACTIONS OR CLASS ARBITRATIONS, BOTH PARTIES HEREBY WAIVE ANY RIGHT TO PURSUE ON A CLASS BASIS ANY SUCH CONTROVERSY OR CLAIM AGAINST THE OTHER PARTY, OR ANY OF ITS AFFILIATES OR PREDECESSORS IN INTEREST. If

multiple claims are joined in one action, some of which would not be subject to arbitration, the latter claims must be dismissed, stayed or severed. If claims are asserted against multiple parties, some of whom are not required to arbitrate, the claims subject to arbitration must be severed. Procedurally, no arbitrator may order consolidation or class arbitration. In a Large/Complex Case arbitration, the arbitrators must apply the rules of evidence that would apply had the arbitration been commenced in a court having jurisdiction in the place of the arbitration (this means a federal court, if a federal court would have had jurisdiction, and otherwise the appropriate state court). In a Large/Complex Case arbitration, the losing party may have the award reviewed by a review panel of three (3) arbitrators.

- G. ALL DISCUSSIONS AND DOCUMENTS PREPARED PURSUANT TO ANY ATTEMPT TO RESOLVE A DISPUTE UNDER THIS PROVISION ARE FOR SETTLEMENT PURPOSES ONLY AND SHALL NOT BE ADMITTED IN ANY COURT OR OTHER FORUM AS AN ADMISSION OR OTHERWISE AGAINST A PARTY FOR ANY PURPOSE, INCLUDING THE APPLICABILITY OF FEDERAL AND STATE COURT RULES.
- H. If for any reason the provisions of this Agreement requiring arbitration are declared unenforceable, void, or voidable, or if any action or judicial proceeding is permitted other than as contemplated by these provisions, each party waives any right it may have to trial by jury and consents to the bringing of such action in Boise, Idaho.

IX. ATTORNEYS' FEES AND COSTS

If any legal action, arbitration, or other proceeding is brought for the enforcement of or to declare rights or obligations under this Agreement or as a result of a breach, default, or misrepresentation in connection with any of the provisions of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees and other costs incurred in any such action, arbitration, or proceeding in addition to any other relief to which that party may be entitled.

X. TERMINATION

In addition to whatever rights or remedies either party may have under this Agreement or otherwise, either party may terminate this Agreement at any time, upon thirty (30) days' written notice, in the event that the other party: (a) becomes insolvent as defined by the Federal Bankruptcy Code; or (b) materially breaches any of the terms of this Agreement, and said breach is not cured within fifteen (15) days of receipt of written notice of said breach. If this Agreement is terminated, all rights and obligations of the parties hereto shall cease, except with respect to any liability arising out of any breach or default hereunder and any liabilities or obligations accrued under the terms hereof prior to such termination and remaining unsatisfied at the time such termination becomes effective.

XI. BINDING AGREEMENT

This Agreement is firm and non-cancelable, except as expressly provided for in this Agreement.

XII. WAIVER

Failure by either party at any time to require performance by the other party of any provisions hereof shall in no way affect the right to require full performance any time thereafter, nor shall waiver by either party of a breach of any provision of this Agreement constitute a waiver of any succeeding breach of the same or of any other provisions, nor constitute a waiver of the provision itself.

XIII. NOTICES

All notices required to be given hereunder shall be given in writing by (a) certified or registered mail, return receipt requested, postage prepaid, (b) overnight courier or (c) facsimile at the respective addresses set forth below, or such other address as may be designated in writing by the parties hereto. Notice shall be deemed given on the date of delivery thereof.

Notices to Verizon Wireless shall be sent to:

Director of Marketing Communications Verizon Wireless 15505 Sand Canyon Ave. Irvine, California 92618 Fax No.: (949) 286-8920

Department Verizon Wireless 15505 Sand Canyon Ave. Irvine, California 92618 o.: (949) 286-7010

with a copy to:

Notices to BSU shall be sent to: BSU Athletics

1910 University Drive Boise, ID 83725

Attn: Brad Larrondo / Asst. Athletic Director

Fax No.: 208-426-1778

XIV. GOVERNING LAW

This Agreement shall be governed by the internal laws of the State of Idaho without reference to any conflict of laws provisions.

XV. MODIFICATIONS

No waiver of any term or condition or breach of this Agreement and no modification, alteration, or amendment of this Agreement shall be valid or binding unless in writing signed by any party to be charged with such waiver, modification, alteration, or amendment.

XVI. SEVERABILITY

If one or more of the provisions contained in this Agreement shall, for any reason, be held to be invalid, illegal, or unenforceable, in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XVII. INTERPRETATION

The parties to this Agreement acknowledge and agree that they have each participated in the negotiation and drafting of this Agreement, and that this Agreement shall not be interpreted against either party.

XVIII. RIGHTS CUMULATIVE

The rights and remedies provided by this Agreement are given in addition to any other rights and remedies either party may have by law, statute, ordinance, or otherwise. All such rights and remedies are intended to be cumulative, and the use of any right or remedy by either party shall not preclude or waive its right to use any or all other rights or remedies.

XIX. AUTHORITY

Each person signing this Agreement represents and warrants that (s)he is authorized to execute and deliver this Agreement, that this Agreement is binding upon the party for whom (s)he has signed, and that the signature of no one else is required to bind that party. Each individual executing this Agreement on behalf of an entity represents and warrants that (s)he is duly authorized to execute and deliver this Agreement on behalf of such entity, in accordance with a duly adopted resolution of the members or directors of such entity, if required, and/or in accordance with the organizational documents of such entity, and that this Agreement is binding upon such entity in accordance with its terms.

XX. MAINTENANCE OF SIGNS

BSU will cause to be maintained in good condition and in good working order throughout the term of this Agreement the signage described in Exhibit A and its backlighting and/or fixed lighting and will cause to be promptly repaired or replaced at BSU's expense during the Term of this Agreement any such cracked or broken signage.

XXI. ENTIRE UNDERSTANDING

This Agreement, including exhibits, contains the entire understanding of the parties with respect to the subject matter hereof and contains all of the terms, conditions, understandings, and promises of the parties hereto and supersedes and replaces all prior agreements and understandings.

XXII. ASSIGNMENT

Neither party shall assign its rights or delegate its duties under this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing, Verizon Wireless may assign this Agreement, without BSU's consent, to (i) any parent, subsidiary or Affiliate entity, (ii) to a successor in interest of all or substantially all of the assets, stock or business of a party to which this Agreement pertains, or (iii) any partnership or entity resulting from that certain U.S. Wireless Alliance Agreement between Verizon Wireless's parents, Vodafone Group plc., and Verizon Communications. Any attempted assignment or delegation in contravention of this section shall be void and of no effect, and shall be considered a material default of this Agreement. Subject to the provisions of this section, this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns, if any, of the parties hereto.

XXIII. MISCELLANEOUS PROVISIONS

The captions in this Agreement are intended for convenience of reference only. This Agreement may be executed in counterparts. Any provision of this Agreement may survive this Agreement's termination if the provision's context shows that the parties to this Agreement intended the provision to survive.

XXIV. PROMOTIONAL MERCHANDISE

Verizon Wireless agrees, as partial consideration for this Agreement, that during the course of this Agreement, all promotional merchandise purchased by Verizon Wireless containing the BSU name, logo, or trademarks shall be purchased through University-owned stores through BSU's corporate product and price list.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed in their respective names, by their proper officers thereunto duly authorized, on the day and year first-above written.

- 3. Media Guides (10,000);
- 4. Team Posters (20,000);
- 5. BAA Membership Magazine (14,000);
- 6. Season Ticket Stock (175,000);

- 7. Season Ticket Mailers (8,000);
- 8. Summer Sports Camp Brochures (50,000); and
- 9. Select-A-Seat Ticket Stock (350,000).

i. Internet

i. Broncosports.com

- 1. Big 4 Bronco logo on BSU Athletic Home Page;
- 2. Direct link to each Big 4 Bronco Home Page (subject to Verizon Wireless IT security rules, requirements and procedures); and
- 3. Available promotional opportunities on Web Page to be determined

j. Athletic Department Mailings

i. Football and basketball season ticket mailings

1. Inclusion in all season ticket mailings done by Boise State Athletics (materials provided by Verizon Wireless).

k. Corporate Hospitality and Entertainment

i. Motivational Speakers

- 1. Use of a Boise State head coach to speak to your employees and/or customers for 60 minutes per year. Speaking engagement dependent on availability of coaches for meeting.
- 2. Use of a Boise State head coach, staff member, cheerleaders, mascot or marching band for a promotional commercial shoot per year.

ii. Team Travel

1. Travel for two to a football way game. Travel, hotel and game tickets provided by Boise State.

iii. Logo Rights

1. Ability to utilize athletic mark whenever needed to help promote Verizon Wireless, along with the use of Big Four logo in all marketing efforts.

iv. Passes

- 1. Two sideline passes to all Bronco home football games;
- 2. Six parking passes to all athletic Games throughout the season; and
- 3. 16 pre-game tailgate/hospitality passes to each home football game.

v. Facility Usage and Retail Site Promotions

- 1. Use of Boise State athletic facilities (i.e. Hall of Fame Gallery, Football Center, Bronco Stadium, Taco Bell Arena, etc.) when available for corporate gatherings, meetings or promotional Games. Scheduling of facilities to be coordinated with Assistant Athletic Director/Director of Marketing.
- 2. Ability to hold off-campus promotional Games at Verizon Wireless retail locations, including appearances by Boise State coaches, staff members, cheerleaders and band. Games to be coordinated with Assistant Athletic Director/Director of Marketing, and based on availability of coaches and staff.

vi. Game Sponsorship

1. Title sponsor for one home football and basketball game during each season;

- 2. 50 additional VIP tickets for select football and basketball game;
- 3. Pre-game hospitality tent with food and beverages included;
- 4. Company banner above each stadium / arena entrance;
- 5. Individual logo on game programs and tickets for selected game;
- 6. All TV, Radio, and Print advertising surrounding your game..."Brought to you by...";
- 7. Promotional giveaway opportunity or specialized Verizon Wireless promotion to reach fans;

vii. Season Tickets

- 1. 16 VIP season tickets to all BSU Athletic Games; and
- 2. 6 Bronco Athletic Association Memberships Tied To Season Tickets
- 2. <u>Sponsorship Fee</u>: In consideration for all rights and benefits granted to Verizon Wireless in this Agreement, Verizon Wireless shall pay to BSU a Sponsorship Fee for each of the 2007-2008 and 2008-2009 Seasons as follows:
 - 1. Verizon Wireless shall pay BSU Athletics the full amount in cash as follows:
 - Year #1: \$150,000
 - Payment #1 (\$50,000) Due on February 15, 2008
 - Payment #2 (\$50,000) Due on March 15, 2008
 - Payment #3 (\$50,000) Due on April 15, 2008
 - Year #2: \$150,000
 - Payment #1 (\$37,500) Due on September 30, 2008
 - Payment #2 (\$37,500) Due on October 30, 2008
 - Payment #3 (\$37,500) Due on November 30, 2008
 - Payment #4 (\$37,500) Due on December 30, 2008
 - 2. Unless otherwise stated herein, all payments hereunder shall be deemed to include all applicable taxes, duties and charges.
 - 3. Payment shall not constitute acceptance, and invoices shall be subject to adjustment for defects in quality or other failure of BSU Athletics to meet the requirements of this Agreement.
 - 4. Verizon Wireless may at any time set off against such invoices any amounts otherwise owed by BSU Athletics to Verizon Wireless or its affiliates.

BOISE STATE UNIVERSITY

SUBJECT

Elsevier B.V. license agreement

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.3.

BACKGROUND

Elsevier B.V. (Elsevier) is a leading publisher of scientific, technical, and medical journals. The proposed license agreement provides all students, faculty, staff, researchers, library patrons, and independent contractors of Boise State University with unlimited simultaneous and remote access to approximately 1,800 journal titles. Access to these journals provides support for both undergraduate and graduate programs and research, particularly in science, technical, and medical fields.

DISCUSSION

Boise State University requests approval to enter into a five year license agreement with Elsevier B.V. for an amount not to exceed \$1,422,260. Elsevier's extensive and unique full-text journal collection covers authoritative titles from core scientific literature, including high-impact factor titles. The journals in the Elsevier collection are used by leading researchers worldwide. The availability of this collection will facilitate increased research productivity for academic programs and research on campus in the areas of biology, engineering, health science, nursing, geophysics, mathematics, biomolecular and biomedical science, chemistry, and musculoskeletal research. Access to the information in these journals is critical to growing, active research programs at Boise State University.

Presently, Boise State University is unable to utilize subscriptions to these journals held by other in-state institutions due to strict licensing rules imposed by the publishers. This license agreement will provide immediate desktop access to these journal titles for our students and faculty, and will allow us to more fully utilize existing research databases that provide links to Elsevier journals.

IMPACT

The source of funding is appropriated funds.

The cost of the five-year agreement broken down by year is as follows:

Total	\$1,422,259.52
Year 5	<u>\$353,765.51</u>
Year 4	\$336,919.54
Year 3	\$320,875.75
Year 2	\$210,357.86
Year 1	\$200,340.86

ATTACHMENTS

Attachment 1 – Proposed Agreement

Page 3

STAFF COMMENTS AND RECOMMENDATIONS

According to the university, the Library provides access to over 230 online databases and access to more than 36,000 journals, magazines, and newspaper titles in print and online formats. This license agreement is just one of many research resources that are made available to students, faculty, and staff to support their research efforts, and it is arguably one of the most important for future support of research and graduate programs on campus. The university's appropriated library materials acquisitions budget for FY '08 is \$2,763,224, of which approximately two million is for recurring subscriptions such as journals and databases.

Research funds cannot be used for this subscription service, however, individual publications may be eligible if approved through the research grant. The university believes this is a much more efficient means to provide access to these resources versus piecemeal by grant. The source of funding is both appropriated and one time funds from the Provost's budget and the Library. This subscription will allow the university to save up to \$90k on pay per view articles, and the university will reallocate existing library acquisitions funds by canceling subscriptions to journals or database titles of lower priority.

The Transaction Fee of \$22 as listed on page eight is not included in the estimated annual cost because this is an additional service that will likely not be utilized according to the university.

Staff recommends approval.

BOARD ACTION

A motion to approve the request by Boise State University to enter into the attached five year license agreement with Elsevier for a cost not to exceed \$1,422,260.

Contract No. 1-8BLEGN CRM 4.80.0.0 08/06

ELSEVIER LICENSE AGREEMENT

This agreement ("Agreement") is entered into as of 20 December 2007 by and between **Boise State University**, 1910 University Drive, Boise, ID 83725, USA (the "Subscriber"), and **Elsevier B.V.**, Radarweg 29, 1043 NX Amsterdam, The Netherlands ("Elsevier").

The parties hereto agree as follows:

SECTION 1. LICENSE.

1.1 License Grant.

The Licensor hereby grants to the Subscriber the non-exclusive, non-transferable right and license to use the products and services identified in Schedule 1 ("Licensed Products") and provide the Licensed Products to its Authorized Users subject to the terms and conditions of this Agreement.

1.2 Authorized Users/Sites.

Authorized Users for purposes of this Agreement are:

Full-time and part-time students, faculty, staff, researchers, and independent contractors of the Subscriber affiliated with the Subscriber's locations listed on Schedule 2 (the "Sites") and individuals using computer terminals within the library facilities at the Sites permitted by the Subscriber to access the Licensed Products through the Subscriber's secure network.

The Subscriber shall promptly notify the Licensor of any material changes in the number of Sites or Authorized Users, which changes may result in early termination unless the parties are able to agree to appropriate fee adjustments.

1.3 Authorized Uses.

The Subscriber and its Authorized Users may:

- 1.3.1 access, search, browse and view the Licensed Products;
- 1.3.2 print and download a reasonable amount of articles, abstracts, records or parts of chapters from the Licensed Products ("Excerpts");
- 1.3.3 incorporate links to Excerpts on the Subscriber's intranet and internet websites, provided that the appearance of such links and/or statements accompanying such links shall be changed as reasonably requested by the Licensor;
- 1.3.4 access, search, browse, view, print and download articles from all journals which are accessible on the ScienceDirect® online service but are not subscribed to as part of the Licensed Products, with each twenty-four (24) hour access period for a selected article, a "Transaction"; and
- 1.3.5 incorporate links to Excerpts in electronic coursepacks, reserves and course management systems for use in connection with courses offered by the Subscriber for academic credit, provided that the Subscriber obtains the prior written consent of the Licensor for use in connection with any non-credit courses.

The Authorized Users may:

1.3.6 transmit Excerpts to other Authorized Users and to third-party colleagues for their scholarly or research use.

The Subscriber may:

1.3.7 print and deliver Excerpts to fulfill requests as part of the practice commonly known as "interlibrary loan" from non-commercial libraries located within the same country as the Subscriber.

1.4 Restrictions on Use of Licensed Products.

Except as may be expressly permitted in this Agreement, the Subscriber and its Authorized Users may not:

- 1.4.1 abridge, modify, translate or create any derivative work based on the Licensed Products without the prior written permission of the Licensor, except to the extent necessary to make them perceptible on a computer screen to Authorized Users;
- 1.4.2 remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Licensed Products; or
- 1.4.3 substantially or systematically reproduce, retain or redistribute the Licensed Products.

1.5 Intellectual Property Ownership.

The Subscriber acknowledges that all right, title and interest in and to the Licensed Products remain with the Licensor and its licensors, except as expressly set forth in this Agreement, and that the unauthorized distribution of the Licensed Products could materially harm the Licensor and its licensors.

SECTION 2. LICENSOR PERFORMANCE OBLIGATIONS.

2.1 Access to Licensed Products.

The Licensor will make the Licensed Products accessible to the Subscriber and its Authorized Users from the World Wide Web address set forth on Schedule 1 or as may be otherwise set forth herein.

2.2 *Quality of Service.*

The Licensor shall use reasonable efforts to provide the Licensed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 95% up-time per month, with the 5% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Subscriber and its Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service.

2.3 Withdrawal of Content.

The Licensor reserves the right to withdraw from the Licensed Products content that it no longer retains the right to license or that it has reasonable grounds to believe is unlawful, harmful, false or infringing.

2.4 Usage Data Reports.

The Licensor will make usage data reports on the Subscriber's usage activity accessible online to the Subscriber on a monthly basis for its internal use only.

SECTION 3. SUBSCRIBER PERFORMANCE OBLIGATIONS.

3.1 Authorized Access.

Access to the Licensed Products shall be authenticated by the use of Internet Protocol ("IP") address(es) indicated by the Subscriber on Schedule 2 and/or by usernames and passwords.

3.2 Protection From Unauthorized Access and Use.

The Subscriber shall use reasonable efforts to:

- 3.2.1 ensure that access to and use of the Licensed Products is limited to Authorized Users and that all Authorized Users are notified of and comply with the usage restrictions set forth in this Agreement;
- 3.2.2 ensure that any passwords used to access the Licensed Products are issued only to Authorized Users and that neither the Subscriber nor its Authorized Users divulge any passwords to any third party; and
- 3.2.3 immediately upon becoming aware of any unauthorized use of the Licensed Products, inform the Licensor and take appropriate steps to ensure that such activity ceases and to prevent any recurrence.

In the event of any unauthorized use of the Licensed Products, the Licensor may suspend access of the IP address(es) and/or passwords from which the unauthorized use occurred upon notice to the Subscriber. The Subscriber shall not be liable for unauthorized use of the Licensed Products by any Authorized Users provided that the Subscriber did not intentionally assist in or encourage such unauthorized use or permit such unauthorized use to continue after having actual notice thereof.

SECTION 4. FEES AND PAYMENT TERMS.

The Subscriber shall pay to the Licensor the fees set forth on Schedule 1 (the "Fees") within thirty (30) days of the date of invoice. The Fees shall be exclusive of any sales, use, value added, withholding or similar tax and the Subscriber shall be liable for any such taxes in addition to the Fees.

SECTION 5. TERM.

5.1 *Term*.

The term of this Agreement shall commence on 1 January 2008 and continue until 31 December 2012.

5.2 Renewal.

This Agreement will be automatically renewed for successive one-year terms, subject to appropriate adjustments to Schedule 1, unless either party gives notice to the other by 1 August prior to the end of the then current term that it does not intend to renew.

SECTION 6. LICENSOR WARRANTIES AND INDEMNITIES.

6.1 Warranties.

The Licensor warrants that use of the Licensed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

6.2 *Indemnities*.

The Licensor shall indemnify, defend and hold harmless the Subscriber and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Licensed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made the Subscriber will promptly notify and cooperate with the Licensor. This indemnity obligation shall survive the termination of this Agreement.

6.3 Disclaimer.

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE LICENSOR AND ITS LICENSORS PROVIDE THE LICENSED PRODUCTS "AS IS" AND MAKE NO REPRESENTATION OR WARRANTY AND EXPRESSLY DISCLAIM ANY LIABILITY FOR ANY CLAIM ARISING FROM OR OUT OF THE LICENSED PRODUCTS, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

6.4 Limitation of Liability.

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event shall the Licensor or its licensors be liable for any indirect, incidental, special, consequential or punitive damages, including but not limited to loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, or shall the liability of the Licensor and its licensors to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder, even if the Licensor or any licensor has been advised of the possibility of such liability or damages.

SECTION 7. GENERAL.

Force Majeure.

Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, governmental restrictions, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) shall be deemed a breach of this Agreement.

7.2 Severability.

The invalidity or unenforceability of any provision of this Agreement shall not affect any other provisions of this Agreement.

7.3 Entire Agreement.

This Agreement contains the entire understanding and agreement of the parties and merges and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein.

Modification.

No modification or waiver of any provision of this Agreement shall be valid unless in writing and signed by the parties.

7.5 Assignment.

The Subscriber shall not assign, transfer or sublicense any of its rights or obligations under this Agreement unless it obtains the prior written consent of the Licensor, which consent shall not unreasonably be withheld.

7.6 Privacy.

The Licensor shall not, without the prior written consent of the Subscriber, transfer any personal information of any Authorized Users to any non-affiliated third party or use it for any purpose other than as described in this Agreement and in the online privacy policy for the relevant online service.

BAHR - SECTION II TAB 4 Page 6

7.7 *Notices*.

All notices given pursuant to this Agreement shall be in writing and delivered to the party to whom such notice is directed at the address specified below or the facsimile number or electronic mail address as such party shall have designated by notice hereunder.

If to the Licensor: Elsevier B.V. c/o Regional Sales Office, 360 Park Avenue South, New York, NY 10010-1710, USA.

If to the Subscriber: Boise State University, Albertsons Library, Serials Department, 1910 University Drive, Boise, ID 83725, USA.

7.8 Execution.

This Agreement may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective for all purposes hereunder to the same extent as original signatures.

IN WITNESS WHEREOF, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

Adjustment of Fees

After the initial year of the term, the Fees for the Subscriber's ScienceDirect Journal Collection(s) shall be subject to an adjustment to account for any titles added to or removed from the Journal Collection(s) during the remainder of the term of this Agreement.

Journal Collection(s)

The Subscriber's ScienceDirect Journal Collection(s) is described in Schedule 1.1.

Transaction Fee

The Subscriber shall be charged a fee of \$22 per Transaction (as defined in Section 1.3.4) from Elsevier journals and books. The Subscriber may purchase pre-paid Transactions upon mutual agreement of the parties in writing. Unused pre-paid Transactions shall be forfeited upon termination of the Subscriber's subscription to ScienceDirect online.

ELSEVIER SUBSCRIPTION AGREEMENT Schedule 1.1 Journal Collection(s)

Journal Collection(s):

Complete Collection: Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1997 identified on Annex A.

Freedom Collection: Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1997 and currently included in the ScienceDirect® online service (except the Cell Press, Clinics and certain society-owned titles).

Cell Press Collection: Electronic access to the full text of all articles from the Cell Press journal titles published since 1 January 1995 identified on Annex A.

Option to Substitute Subscribed Titles

The Subscriber may substitute any of the subscribed journal titles identified on Annex A ("Subscribed Titles") with one or more journal titles of total comparable value (in current year list price) once annually upon notice to Elsevier by 1 August prior to the start of the next calendar year or at any time upon mutual agreement of the parties in writing. The foregoing does not apply to the Cell Press titles.

Option to Substitute or Refund Withdrawn Subscribed Titles

The Subscriber may substitute any withdrawn Subscribed Title with one or more journal titles of total comparable value (in current year list price) at any time upon notice to Elsevier. In the event that no substitute journal title is available, Elsevier shall refund to the Subscriber the amount of the Fees paid for the withdrawn Subscribed Title for the remainder of the term.

Access to Formerly Subscribed Titles

Upon termination of all of the Subscriber's annual subscriptions on ScienceDirect online, the Subscriber may, at its option, (1) acquire, load and technically format on a server that enables access and use by Authorized Users an electronic copy of all or part of its Subscribed Titles for the publication years paid for cost and/or (2) continue to access a such Subscribed Titles online for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of US \$0.081 per download (adjusted annually for inflation and cost increases), in accordance with the usage provisions of the Agreement, which provisions shall survive the termination of the Agreement. Elsevier shall make available for inspection by a duly authorized auditor of the Subscriber, at the Subscriber's sole expense, the records concerning the calculation of the annual access fee one time per year during regular business hours upon thirty (30) days written notice to Elsevier. The electronic copy may not contain links and other features and functionality associated with the online version. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by the Subscriber, but the Subscriber remains a ScienceDirect online subscriber, the Subscriber may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid, provided that Elsevier continues to hold the electronic rights thereto.

GOVERNING POLICIES AND PROCEDURES

SECTION: V. FINANCIAL AFFAIRS

Subsection: I. Real and Personal Property and Services April 2002

I. Real and Personal Property and Services

- 3. Acquisition of Personal Property and Services
 - a. Purchases of equipment, data processing software and equipment, and all contracts for consulting or professional services either in total or through time purchase or other financing agreements, between two hundred fifty thousand dollars (\$250,000) and five hundred thousand dollars (\$500,000) require prior approval by the executive director. The executive director must be expressly advised when the recommended bid is other than the lowest qualified bid. Purchases exceeding five hundred thousand dollars (\$500,000) require prior Board approval.
 - b. Acquisition or development of new administrative software or systems that materially affect the administrative operations of the institution by adding new services must be reviewed with the executive director before beginning development. When feasible, such development will be undertaken as a joint endeavor by the four institutions and with overall coordination by the Office of the State Board of Education.

and the SUB expansion

January 2007 Board approved request to issue bond debt to finance SUB

Expansion Student Health, Wellness and Counseling Center and Nursing Building, and Parking Deck; approved request to proceed with construction of Press Box/Sky Suite addition

February 2007 Board approved request to issue bond debt to finance Press

Box/Sky Suite expansion

December 2007 Board approved request to proceed with planning and

design of an aquatics addition to the Student Recreation

Center

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.K.3.

BACKGROUND

In October 2005 the Board approved Boise State University's updated campus master plan. Since that time the University continues to make steady progress to plan, finance and construct facilities to meet the University's strategic vision. Boise State believes that it is important to keep the Board apprised of the current status of these plans and to address changes and updates to this plan. Since this plan was approved, the College of Western Idaho (CWI) was approved by the voters and is in the process of commencing operations. This will impact Boise State's master planning and building plans, particularly as it relates to the West

Campus. The purpose of this update is to show current and pending capital plans on the Boise campus.

DISCUSSION

Boise State University currently has multiple major capital projects in progress. In December 2006 the Board approved a request to proceed with construction of an additional 67,000 square feet of new space and remodel of 27,000 square feet of existing space in the Student Union Building (SUB). Construction is underway with expected completion dates of November 2008 for the addition and June 2009 for the remodel.

In December 2006 the Board approved a request to proceed with construction of the Norco Building: Department of Nursing, University Health Services. Construction bids are currently in process through the Division of Public Works and we anticipate commencing construction activities late in the spring of 2008 with an opening date planned in the summer of 2009.

In January 2007 the Board approved a request to proceed with construction of the Press Box/Sky Suite addition to Bronco Stadium. The Press Box/Sky Suite addition includes four elevated levels to provide a variety of accommodations for media and spectators. Construction is now underway with a scheduled completion date of August 1, 2008.

Due to the high demand for on-campus housing, Boise State is also currently exploring the possibility of adding additional student housing in the designated expansion zone. The University is in the process of issuing a Request for Information (RFI) to identify a partner to provide equity to build the facility on University land via a ground lease.

In August of 2007 construction of the new parking deck was completed. The contractor, Layton Construction, Inc., was recently recognized by the Intermountain Contractor organization for the parking deck as the 2007 Best Concrete Project in the state of Idaho.

In December 2007 the Board approved a request to proceed with planning and design for the addition of an aquatics complex to the Student Recreation Center. Staff is working with DPW to develop the request for proposals for design services and expect to begin the design activities later this spring.

In June 2006 the Board approved a request to proceed with the programming and design and budget development for the Center for Environmental Science and Economic Development (CESED) building. DPW was authorized to secure design services and the architectural design team was selected in December of 2006. Detailed programming activities were completed in fall of 2007 and the schematic designs are now complete.

The purpose of the CESED building is to facilitate and enhance multidisciplinary research and education in the broad, interrelated sub disciplines of environmental science and their linkages to effective environmental policy. The building will house the departments of political science, geosciences and civil engineering. These departments represent three colleges and the facility will bring together public policy and research to address critical environmental science issues that impact the economic development of the region and the State of Idaho.

To date, the University has received federal earmarks totaling \$3.1 million through Housing and Urban Development to be used to help plan, design and construct the CESED building. The University continues to utilize the strategic facilities fee to match federal and state funding sources and in April 2007, the Board approved a \$65 increase to the full-time student fee that will be pledged to the bond financing for this facility. The University estimates that this fee will support debt financing for approximately \$30 million of this facility.

Finally, Boise State requested State funds for the CESED building in FY2005, FY2006, FY2007 and FY2008 to match the federal funds and bonding capacity via the strategic facilities fees paid by students. While these requests were not funded, the FY2009 request for \$15 million passed a significant milestone in the current legislative session. The Governor supported a recommendation from the Permanent Building Fund to approve \$10 million for this facility. While this amount is \$5 million short of the University's request, we continue to pursue the approval of this funding through the legislative process. The University plans to submit this project to the Board for approval to proceed with the construction of this facility in April 2008.

IMPACT

This presentation is to provide an overview; each project has or will be presented separately for Board action as required by Board policy. Boise State intends to bring the CESED building to the Board for approval at the April meeting in Moscow. At that time we will update the estimated cost and debt projections since this information will be impacted by legislative actions and the Board's action on student tuition and fees earlier in the month.

The attached estimated ten year debt projection includes the East Junior High land transaction with a lump sum payment of \$3,325,000 due in 2010. The University expects this property to be donated prior to that date, thus the 2010 outstanding debt service will likely be reduced by that amount.

Page 5 Page 7

STAFF COMMENTS AND RECOMMENDATIONS

The Ten Year Debt Projection, shown on page 5, shows that since the February 2007 Board meeting, the estimated cost of the CESED Research Facility has increased from \$35,000,000 to \$37,600,000. This is due to timing and project scope, including adding a fifth floor. Other estimated cost increases include the College of Business and Economics Building has increased from \$30,000,000 to \$38,000,000 (including an increase in debt from \$15,000,000 to \$18,000,000), and the Student Housing has increased \$1,000,000 from an original estimate of \$30,000,000. Both projects were originally projected to begin construction in 2008.

These new cost estimates result in an increase to the university's estimated Debt Service as a Percentage of Operating Budget ratio from an original high of 7.6% in 2010 to 9.4% in the same year.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

NEW FACILITIES	Total Project Cost		Funding Sources	Amt Debt Financed		SFF	Board Approval SFF	Est Date of Completion
Interactive Learning Center	\$	16,000,000	University reserves	\$ 14,000,000		na		Completed Summer 2007
Parking Deck	\$	12,000,000	Parking revenue system, strategic facilities fee	\$ 8,500,000	\$	25	FY2006	Completed Summer 2007
Student Union Building Expansion	\$	30,650,000	SUB reserves, strategic facilities fee	\$ 30,000,000				Spring 2009
Student Health Wellness Counseling Center (SHWCC)	\$	14,900,000	SHWCC reserves, strategic facilities fee	\$ 13,900,000				
Nursing Department	\$	10,100,000	Private donations, strategic facilities fee	\$ 9,000,000	\$	75	FY2007	Summer 2010
			2007A Debt Issuance	\$ 75,400,000	\$	100	Total	
Stadium Suites	\$	35,900,000	Suite, loge and seat lease revenues	\$ 28,000,000				Fall 2008
			2007B Debt Issuance	\$ 28,000,000				
Center for Environmental Science and Economic Development (CESED)	\$	37,600,000	Federal earmarks, PBFAC, strategic facilities fee	\$ 30,000,000	\$	65	FY2008	Winter 2010
			2008 Debt Issuance	\$ 30,000,000	\$	165	Total	
College of Business and Economics Building	\$	38,000,000	Private donations, strategic facilities fee	\$ 18,000,000	\$	45	Proposed FY2009	
Student Residential Housing	\$	31,000,000	Public\Private Partnership	\$ -				
			2010 Debt Issuance	\$ 18,000,000	\$	210	Total through FY2010	
Total New Projects	\$	226,150,000	Total Debt Increase	\$ 151,400,000				_

The purpose of the Strategic Facilities Fee is to: 1) fund a a strategically planned approach to future facility construction and renovation based on the Campus Master Plan, and 2) to provide a stable source of funding to leverage federal, state, university and private funds.

Infrastructure Facility	5%	\$12,000,000
Student Facility	34%	\$76,650,000
Academic Facility	45%	\$101,700,000
Athletics Facility	16%	\$35,900,000

Future Buildings

Science and Research Building (2nd of 4 building science complex)

Health Sciences Building

Alumni Center (Comprehensive Campaign)

Parking Deck

Student Services\Administrative Services Building

Athletic facilities including East Jr High development and stadium improvements (Comprehensive Campaign)

Current Challenges

Limited state funding available for new buildings

Project cost variability based on volatility of cost of materials and construction labor availability

Critical need for research and academic space for current and new faculty hires, current research grants and increasing enrollment

Limited debt capacity for future bond financing, need to develop private, state and federal funding sources

pending final approval of financing.

February 2007 Board approves request to issue bond debt to finance

construction.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.3

BACKGROUND

In January 2007 the Board approved Boise State University's request to proceed with construction of the Press Box/Sky Suite addition to Bronco Stadium. Construction is now underway with a scheduled completion date of August 1, 2008. As noted in the January 2007 request, the University now seeks Board approval to proceed with acquisition of furnishings, fixtures and equipment (FF&E) for the facility.

The total estimated cost of acquisition and installation of FF&E is approximately \$1,650,000. The FF&E package will include kitchen equipment for the ground floor commercial kitchen; office furnishings for the ticket office; equipment for

concessions at the concourse level and each level of the press box structure; furnishings for the suites, press areas, game operations boxes, and coaches boxes; banquet room furnishings for the Loge level club room and the reception areas at the Club, Suite, and Press levels; and window coverings at selected areas throughout the facility. In addition, kitchenware will be purchased for the commercial kitchen, and china, cutlery, and glassware will be purchased for the reception and banquet areas.

DISCUSSION

Boise State University requests approval for the purchase and installation of furnishings, fixtures, and equipment for the Stadium Press Box/Sky Suite addition at a cost not to exceed \$1,650,000. As described in previous agenda items, the project is being constructed under a design/build contract. In order to meet scheduling constraints and ensure appropriate coordination of the equipment in the construction sequencing, the design/builder will assemble competitive bid packages for the various FF&E components and procure and install under the current contract. The University has consulted with the Division of Public Works and received approval to procure the FF&E by way of a change order to the current contract.

IMPACT

The total budget estimate for the complete FF&E package, including applicable taxes and installation, is \$1,650,000. Athletics has secured a pledge for \$1,500,000 to apply toward this purchase. The pledge consists of a commitment from a donor to donate \$375,000 per year beginning in December of 2008. The furniture will be paid for with Athletics' operating revenues which will be replenished as the donation is received. The difference between the donation and the total cost of FF&E will be funded with Athletics' reserves.

STAFF COMMENTS AND RECOMMENDATIONS

The estimate for FF&E in January 2007 was \$1,270,000 and has increased \$380,000 or 30%. Reserves will be used to pay for the purchase to be paid back by the annual \$375,000 donation.

Staff recommends approval.

BOARD ACTION

A motion to authorize Boise State University to procure furnishings, fixtures, and equipment for the Press Box/Sky Suite addition at a cost not to exceed \$1,650,000.

APPLICABLE STATUTE, RULE, OR POLICY

\$30,650,000.

Idaho State Board of Education Governing Policies & Procedures, Section V. I. 3.

Union Building Expansion for a project budget not to exceed

BACKGROUND

The Student Union Building (SUB) expansion project encompasses an addition to and remodel of the Student Union Building, a request initially approved by the Board in 2001. In 2006 the Board approved Boise State University's request to commence construction of the SUB remodel and expansion. Construction is now underway with scheduled completion dates of November 2008 for the addition and June 2009 for the remodel of existing space.

DISCUSSION

The SUB expansion project includes the addition of 67,000 square feet of new space and the renovation of 27,000 square feet of existing space. The new/remodeled space will include additional seating in the residence dining hall, additional student organization and study space, expansion of the bookstore, as well as additional meeting room space. The University is now ready to commence the solicitation process for furniture, fixtures and equipment (FF&E) for the expanded facility. The State of Idaho Department of Purchasing will handle the formal solicitation process for Boise State University. Multiple contracts may be awarded based upon the proposals received.

IMPACT

The funding source is local reserves the SUB previously identified for the expansion project. The maximum expenditure for FF&E is \$1,250,000.

STAFF COMMENTS AND RECOMMENDATIONS

Funding for FF&E was not addressed in previous agenda items for this project.

Items anticipated to be purchased include tables, chairs, sofas, stools, benches, booths, AV equipment, lecterns, dance floors, trash and recycling receptacles.

Staff recommends approval.

BOARD ACTION

A motion to authorize Boise State University to enter into contract(s) to purchase the furnishing and equipment in accordance with the terms herein, at a cost not to exceed \$1,250,000.

Moved by	Seconded by	Carried Yes	No

BOISE STATE UNIVERSITY

SUBJECT

Foundation Land Exchange

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies and Procedures, Section V.I.2.

BACKGROUND

The Boise State University Foundation is soliciting donors to fund construction of a new Alumni Relations Center on the Boise State campus. The Foundation has informal pledges of a lead gift and several smaller donations.

The current Alumni Center is located at University Drive and Grant Avenue in a converted doctor's office, as seen in Attachment 1. The land and building are owned by the Alumni Association as a separate non-profit corporation and not by the University.

The Foundation would like to acquire from the University the land adjacent to the current alumni center on the East and South sides to have enough room for the new facility. The University owns all the adjoining land, which is depicted in Attachment 2. If the exchange were to occur, the Foundation and Alumni Association would jointly own all of the property shown on Attachment 3.

In exchange, the Foundation would grant to the University the land shown on Attachment 4, which is the tennis bubbles and adjacent parking lot. It is owned by the Foundation and is currently dedicated to University use. Attachment 4 shows the approximate location of the new lot line, but is not an exact property boundary.

All land subject to this potential transaction is currently devoted to University use and will continue to be so after the transaction as well.

DISCUSSION

Boise State University requests approval to exchange land with the Boise State University Foundation. The Boise State University Alumni Association currently owns the lots adjacent to the parcels the University wishes to exchange with the Foundation. This exchange would allow the Foundation to partner with the Alumni Association to construct a new Alumni Center. This facility would house the Office of the V.P. of University Advancement, Alumni Association staff, University Foundation staff, and possibly have additional office space that could be leased to the University. Aside from day-to-day office functions, the building will be an important tool to connect alumni, donors, and the community to Boise

State University. It is anticipated that the building will have additional space for phone-a-thon activity, meetings, and other outreach events.

The University parcels, located at the southwest corner of University Drive and South Denver, were appraised in February 2006 for \$543,712.00. Parcels A and B are the University owned parcels. Parcel A is the larger parcel made up of five city lots on the East side of the block; Parcel B is a single lot on the West side. The University proposes trading these parcels with the Foundation:

Parcel A = 32,172 square feet	\$418,236.00
Parcel B = 9,652 square feet	\$ <u>125,476.00</u>
For a total market value of	\$543,712.00

The Foundation parcels, located near Oakland Avenue in Boise, were also appraised in February 2006, for \$543,712.00. Parcel values were segregated to illustrate the pro-rata share breakdown, based upon a per square foot valuation. The Foundation proposes trading these parcels with the University:

Parcel R5577760550 = 69,145.49 square feet	\$294,355.00
Part of Parcel R5577760515 = 55,198.59 square feet	<u>\$249,357.00</u>
For a total market value of	\$543,712.00

IMPACT

The construction of a new Alumni Center is consistent with the University's master plan. The proposed site is an ideal location for the new Alumni Center as it is in close proximity to Bronco Stadium. The University benefits by owning land that it currently occupies and has future plans to develop. Additionally, once construction of the new Alumni Center is complete, the University will be able to utilize office space in the Capitol Village complex currently occupied by University Advancement.

ATTACHMENTS

Attachment 1 - Map of current Alumni Association property	Page	5
Attachment 2 - Map of adjacent University owned property	Page	6
Attachment 3 - Map of land owned by Alumni Association after		
proposed transfer	Page	7
Attachment 4 - Map of land owned by the University after		
proposed transfer	Page	8
Attachment 5 - Appraisal of Foundation land	Page	9
Attachment 6 - Appraisal of University land	Page	21

STAFF COMMENTS AND RECOMMENDATIONS

The appraisals are over two years old. Property values have changed in the last two years. The appraised value of the Foundation owned property was \$588,819. The parties wanted to make an exchange of like property, so a slightly smaller part of the Foundation owned property is being exchanged for the University property.

No recommendation is provided because staff has not had the benefit of reviewing a contract document that spells out the terms of the transaction. A proposed motion is shown below if the Board approves the land exchange between Boise State University and the Boise State University Foundation.

BOARD ACTION

A motion to authorize the University to take such actions necessary to complete the land exchange between Boise State University and the Boise State University Foundation, and to authorize the Executive Director of the State Board of Education to approve the final contract before execution by the university, subject to review by the Board's legal counsel.

Mr Rick Frisch Vice President of Advancement Boise State Foundation 1910 University Drive Boise, Idaho 83725

Re:

Restricted Appraisal of Vacant Land

Boise State University Foundation Property

Oakland Road Boise, Idaho 83725 MS-7256-06

Mr. Frisch:

This letter is our appraisal of the above-referenced property. The subject of this appraisal is four city lots that total 7.82 acres, situated along the west side of South Oakland Avenue, within the city limits of Boise, Idaho. Zoning is R-3, Multi-Family Residential. The subject lots represent a portion of a larger, five city lot land parcel currently utilized by Boise State University for tennis and soccer athletic purposes. The subject lots are owned by the Boise State University Foundation, the fifth lot is owned by the Idaho State Board of Education. The Idaho State Board of Education lot surrounds the smallest of the subject parcels on three sides and separates the continuity of property boundaries from the three remaining subject sites.

The function of the appraisal is to estimate vacant land market value for the subject which requires several extraordinary and hypothetical assumptions. First, the sites are considered as vacant with access to all city services available on-site for development, and with no consideration given to any existing site improvements. A second assumption assumes access would be equally available to all subject parcels to meet all requirements for developing the property any allowed use in the multi-family residential zoning district of the City of Boise. The third assumption is considered of a consistent development proposal for the subject sites to a highest and best use as a single parcel consisting of 7.82 acres. The final assumption assumes the parcel size data depicted on Record of Survey No. 4577, completed in 1999 and provided by the Ada County Assessor's office, is correct. If this is found to be incorrect, the right is reserved to modify conclusions of this appraisal.

The client has requested a segregation of the subject parcel value estimate to illustrate pro-rata value represented by the four individual parcels

Legal Description

The subject is four city lots and legally described as follows:

Property Rights Appraised

The value estimate presented in this report assumes that the owner would hold all rights legally obtainable, thus holding the property in fee simple title

Date of Value Estimate

The effective date of this valuation is as of January 27, 2006, corresponding with the date of inspection.

Purpose of the Appraisal

The purpose of this appraisal is to estimate market value of the subject property in fee simple estate as of January 27, 2006.

Function and Intended Use of the Appraisal

The function of this appraisal is to assist the client with determining market value of the property for use in a property exchange between Boise State University, Boise State University Foundation, and the Boise State University Alumni Association. As such, the intended users of this report are the clients, the owner of the subject property and the appointed representatives.

Appraisal Development and Reporting Process (Scope)

The appraisal has been prepared in compliance with the current edition of the Uniform Standards of Professional Appraisal Practices (USPAP) as adopted by the Appraisal Standards Board of the Appraisal Foundation These standards include departure provisions allowing limitations in scope of the appraisal. In this instance, there is no limitation in scope, as the Cost Approach and the Income Approach to value are not typically used to value land in the Boise market area. As such, the only valuation technique relied upon is the Sales Comparison Approach. There were no limitations in the analysis within the Sales Comparison Approach.

The transmittal of this report is considered restricted, and is intended for the client's use. As such, without further expansion, the report may not be complete enough to convey a meaningful analysis to an unknowledgeable third party. Therefore, it is recommended that this restricted format be expanded to a summary format report should a third party become involved in the scrutiny of the valuation. This report is intended to comply with the Uniform Standards of Professional Appraisal Practice, Standards Rule 2-2(c), as it relates to a restricted use report.

Restricted Appraisal

The appraisers were retained by Boise State Foundation to prepare an appraisal on the subject Subsequently, the appraisers inspected the subject on January 27, 2006. Then, data was analyzed by the appraisers after inspecting the subject property. Data has been verified to the best of the appraisers' ability with either a principal in the various transactions or a knowledgeable third party such as a professional real estate broker.

Compliance Provision

The appraiser completing this analysis has the necessary educational and experience backgrounds to provide a service of this type. Additionally, as required by law, the appraiser is certified as a general appraiser by the State of Idaho, CGA-1223. The appraiser was assisted by Dan Oxford, a licensed appraiser trainee in the State of Idaho, RT-1307, in the development of the data analysis and conclusions with regard to the valuation assignment. A list of our qualifications and work experience is attached in the addenda.

Market Value Defined

For purposes of appraisal, market value is defined as follows:

"Market Value' means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- buyer and seller are typically motivated;
- both parties are well informed or well advised, and acting in what they consider their own best interests;
- a reasonable time is allowed for exposure in the open market;
- payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."

Exposure Time Defined

"1. The time a property remains on the market. 2. The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Exposure time is always presumed to occur prior to the effective date of the appraisal. The overall concept of reasonable exposure encompasses not only adequate, sufficient and reasonable time but also adequate, sufficient and reasonable effort. Exposure time is different for various types of real estate and value ranges and under various market conditions."

¹ Source: Office of the Comptroller of the Currency under 12 CFR, Part 34, Subpart C-Appraisals, 34,42 Definitions (f).

² Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 3rd Edition, (Chicago, Illinois, 1993), pg 127.

Restricted Appraisal

Exposure Time Comments

For purposes of analysis, it was concluded that the exposure time effectively preceding the date of appraisal would be one year or less

Site Data

The subject is an irregular, functional land parcel consisting of four city lots containing a total of 340,639 square feet, or 7.82 acres. The topography is generally level and approximately at grade with South Oakland Avenue. All standard city utilities service the site and the property can be accessed off Oakland Avenue. The zoning is R-3D, Multi-Family Residential District with Design Review Overlay in the City of Boise. The subject property is currently improved with a soccer field and indoor tennis facility; however, the property will be appraised with on-site city services and as if vacant with no improvements.

Property History

The subject has been held by Boise State University Foundation for a period of three years or greater. No transactions are known to exist on this property.

Highest and Best Use Defined

A definition of highest and best use is: "the reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value"

More specifically, the highest and best use of land or a site as though vacant is: "Among all reasonable, alternative uses, the use that yields the highest present land value, after payments are made for labor, capital, and coordination. The use of a property based on the assumption that the parcel of land is vacant or can be made vacant by demolishing any improvements."

Analysis

Due to the subject's neighborhood location and the R-3D zoning, the highest and best use of the subject as if vacant would be a multi-family development.

Estimated Market Value of the Subject

The sale comparables presented on the following page are considered to be the best available for the subject. They have been adjusted upward at a rate of 10% on an annual basis for a time adjusted sales price for the respective sales. The comparables are considered to be similar with regard to appeal, and required only a minor adjustment for location, zoning, and use. After adjusting for market conditions and location, the value indicated for the subject by the sales ranged from \$4.07 per square foot to \$4.59 per square foot. It was concluded the fair market value for the subject would be estimated at \$4.25 per square foot. The following pages present a sale comparison table and the sale comparables location map. The calculation for fair market value is presented below:

Subject

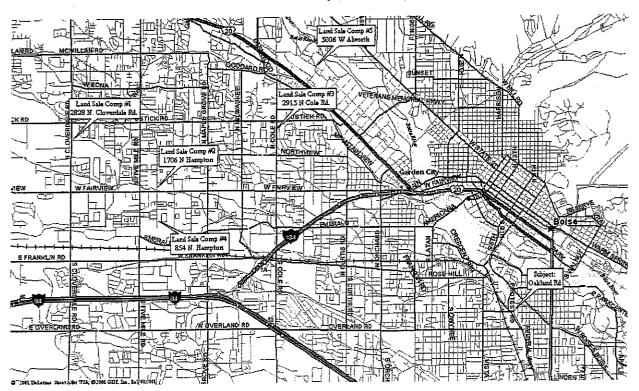

340,639 square feet x \$4.25 per square foot = \$1,447,716

The Pro-Rated Share Breakdown

The client has requested a segregation of the subject parcel value estimate to illustrate pro-rata value represented by the four individual parcels. With this consideration as noted, subject to the Assumptions and Limiting Conditions set forth, and based on the information and analyses contained in this report and appraisal file, the existing parcels are pro-rated as follows:

Not this	
one	

69,260 square feet x \$4.25/square foot =	\$294,355.00
Parcel R5577760515 containing 4.58 acres 199,505 square feet x \$4.25/square foot =	\$847,896.25
Parcel R5577760513 containing 0.21 acres 9,148 square feet x \$4.25/square foot =	\$ 38,879.00
Parcel R5577760509 containing 1.44 acres 62,726 square feet x \$4.25/square foot =	\$266,585.50

Parcel R5577760550 containing 1.59 acre

Reconciliation and Final Market Value Estimate

Only the Sales Comparison Approach has been used to value the subject. The conclusion developed by the Sales Comparison Approach was well supported by data gathered in the marketplace. With this consideration as noted, subject to the Assumptions and Limiting Conditions set forth, and based on the investigations and analyses contained in this report and appraisal files, the estimated market value as of January 27, 2006 was (rounded):

ONE MILLION FOUR HUNDRED FIFTY THOUSAND DOLLARS

*** (\$1,450,000) ***

It should be clearly understood that this report is a restricted format report, and should be used by the intended user. The appraisers are not responsible for unauthorized use of this report. Any review by a third party should require an expansion of the analysis to a summary format report.

If you should have any further questions, or if we may be of additional assistance, please do not hesitate to call upon us. Thank you for this opportunity to be of service.

Respectfully submitted,

MOUNTAIN STATES APPRAISAL

EXTRAORDINARY ASSUMPTIONS AND HYPOTHETICAL CONDITIONS

- 1. Extraordinary Assumptions presume uncertain information to be factual. If found to be false, these assumption could alter the appraiser's opinions or conclusions
- 2. **Hypothetical Conditions** are contrary to what exists, but the conditions are asserted by the appraiser for the purposes of analysis.
 - a. The function of the appraisal is to estimate vacant land market value for the subject, which requires several extraordinary and hypothetical assumptions. First, the sites are considered as vacant with access to all city services available on-site for development, and with no consideration given to any existing site improvements. A second assumption assumes access would be equally available to all subject parcels to meet all requirements for developing the property to any allowed use in the multi-family residential zoning district of the City of Boise. The third assumption is consideration of a consistent development proposal for the subject sites to a highest and best use as a single parcel consisting of 7.82 acres. The final assumption assumes the parcel size data depicted on Record of Survey No. 4577, completed in 1999 and provided by the Ada County Assessor's office, is correct. If this is found to be incorrect, the right is reserved to modify conclusions of this appraisal.

STANDARD ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal has been made with the following general assumptions and limiting conditions:

- The property appraised is assumed to be free of any or all easements, restrictions, encumbrances, leases, reservations, covenants, contracts, declarations, special assessments, encroachments, trespasses and ordinances, unless otherwise noted in this report.
- This is a Summary Appraisal Report which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report. As such, it might not include full discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.
- The appraiser assumes no responsibility for the accuracy of data found in public records or other resources, or provided to the appraiser by any other means. The appraiser is not a qualified land surveyor and has made no survey of the property. The sketch in this report is included to assist the reader in visualizing the property. All engineering studies, dimensions and legal descriptions provided to the appraiser or found through available records, are assumed to be correct. If significant errors are found that will affect conclusions of value, the right is reserved to modify those conclusions.
- 4. Responsible ownership and competent property management are assumed.
- It is assumed that the subject property is in full compliance with all applicable federal, state and local laws, regulations, codes, restrictions and ordinances

- It is assumed that the property conforms to all applicable zoning and use regulations and restrictions unless a legal non-conforming use has been identified and considered in this report.
- It is assumed that all required licenses, certifications, permits or other legislative or administrative authority from any private entity or local, state, or national government has been, can be or will be obtained and/or renewed for any use upon which the value estimates contained in this report are based.
- 8. Neither all, nor any part, of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or affiliation of the appraiser with any firm or professional organizations) shall be disseminated to the public through advertising media, public relations media, news media, sales media, or any other public means of communication without the prior written consent and approval of the appraiser.
- Unless otherwise stated in this report, the existence of hazardous materials, which may or may not be present on the property, were not known to exist at the time of inspection. As a real estate appraiser, I am not qualified to determine the existence or environmental impact of hazardous materials. The presence of certain hazardous materials may affect the value of the property. No responsibility is assumed by the appraiser for any expertise, technical knowledge or certification required to recognize or assess the impact of, or the existence of hazardous materials. The intended user is urged to retain the services of a qualified hazardous materials expert, if desired. Unless otherwise stated, this appraisal assumes that there are no environmental hazards or hazardous materials in, on or near the subject property.
- The various approaches to value and mathematical calculations used in estimating value are merely aids to the formulation of the opinion of value expressed by the appraiser in this report. In these calculations, certain arithmetical figures are rounded off to the nearest significant amount.
- 11. The appraiser, by reason of this appraisal, is not required to give further consultation or testimony or to be in attendance in court with reference to the subject property unless further arrangements have been made
- Any allocation of the total value estimated in this report between the land and the improvements applies only under the stated program of utilization. The separate values allocated to the land and improvements must not be used in conjunction with any other appraisal and may or may not be an indication of their respective fair market values. The data and conclusions embodied in this appraisal are a part of the whole valuation. No part of this appraisal may used out of the context of this report; and, by itself alone, no part of this appraisal is necessarily correct in that it represents only part of the evidence upon which the final estimate of value is based.
- 13. It is assumed that the use of the land and improvements is confined within the boundaries or property lines of the property described and that there is no encroachment or trespass outside of that boundary, unless noted in the report.
- It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. Examples of these conditions may include, but are not limited to: infestations of insects, mold or microbiological organisms, structural or design defects, defects in electrical, plumbing, sewer and HVAC systems, underground water tables, prior land uses, soil/mineral content, historical or archaeological findings or stigmatism. The appraiser is not qualified to assess or detect the presence or impact of such conditions and assumes no responsibility and gives no warranty for the existence or nonexistence of such conditions.

ASSUMPTIONS AND LIMITING CONDITIONS, Cont'd.

- The appraiser does not warrantee the value or the condition of the property.
- The forecasts, projections, or operating estimates contained herein are based on current market conditions, anticipated short-term supply and demand factors, and a continued stable economy. These forecasts are, therefore, subject to change as future conditions change.
- Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.
- This document is protected under the copyright laws of the United States of America Any reproduction or duplication of any part of this report is prohibited without the express written consent of Mountain States Appraisal and Consulting, Inc.

- I, Scott Fernand, CGA, certify that, to the best of my knowledge and belief:
 - The statements of fact contained in this report are true and correct
 - The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions
 - i have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
 - I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
 - My engagement in this assignment was not contingent upon developing or reporting predetermined results.
 - My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the a cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
 - The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics & Standards of Professional Appraisal Practice of the Appraisal Institute, which include the Uniform Standards of Professional Appraisal Practice
 - The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives
 - I have made a personal inspection of the property that is the subject of this report.
 - The appraisal assignment was not based on a requested minimum valuation, a specific valuation, or the approval of a loan, and the appraiser's state registration/certification has not been revoked, suspended, canceled, or restricted
 - This is to acknowledge the assistance of Dan Oxford in preparation of this appraisal
 - As of the date of this report, I, Scott Fernand, CGA, have completed the continuing education program of the Appraisal Institute.
 - Effective July 1, 1992, the State of Idaho implemented a mandatory program of licensing/certification of real estate appraisers. I have met the qualifications to appraise all types of real estate and am currently certified. My certification number is CGA-1223.

Mr. Rick Frisch Vice President of Advancement Boise State Foundation 1910 University Drive Boise, Idaho 83725

Re:

Restricted Appraisal of Vacant Land Boise State University Property SWC of University Drive and South Denver Boise, Idaho 83725 MS-7255-06

Mr. Frisch:

This letter is our appraisal of the above-referenced property. The subject of this appraisal are six city lots comprising a 41,824 square foot area. As requested by the client, the property will be valued as two parcels. Parcel A will be a 32,172 square foot site containing five city lots and consisting of the southwest corner of University Drive and South Denver Road. Parcel B will contain 9,652 square feet consisting of one city lot and fronting South Grant Road. It should be noted that all the parcels of the property have unity of ownership, contiguity and unity of use, and so could be viewed as one large parcel. However, due to the size, configuration and highest and best use, the market value in either configuration would remain the same.

This report is also subject to two extraordinary assumptions. First, that the parcel size data that was provided by the assessor is correct. If this is found to be incorrect, the right is reserved to modify the conclusions. Second, that the northerly 240' of the 14' wide alley in Block 23 of the South Boise First Subdivision is legally abandoned as reported by Mr. Richard Stanwood, and that all alleyway area is evenly split between the adjoining properties, giving Parcel A an additional 1,680 square feet and Parcel B an additional 504 square feet. The report is also subject to the hypothetical assumption that Parcel A and B have on-site city services and are considered as if vacant with no improvements.

Legal Description

Parcel A is amalgamated from five city lots and is legally described as follows:

Tax Parcel R8048012670: Lots 9/10, Block 23, South Boise First Subdivision No. 9300865, No. 9300330, No. 9302206, No. 9302205.

Tax Parcel R8048012630: Lots 1/2, Block 23, South Boise First Subdivision, No. 97091295.

Tax Parcel R8048012640: Lots 3/4, Block 23, South Boise First Subdivision, No. 9300865, No. 9300330, No. 9302206, No. 9302205.

Restricted Appraisal

Tax Parcel R8048012650: Lots 5/6, Block 23, South Boise First Subdivision, No. 9300865, No. 9300330, No. 9302206, No. 9302205.

Tax Parcel R8048012660: Lot 23-25 included in Block 23, South Boise First Subdivision, No. 514-47, No. 99009123.

Parcel B is legally described as follows:

Tax Parcel R8048012730: Lots 23-25, included in Block 23, South Boise First Subdivision, No. 514-47, No. 99009123.

Property Rights Appraised

The value estimate presented in this report assume that the owner would hold all rights legally obtainable, thus holding the property in fee simple title.

Date of Value Estimate

The effective date of this valuation is as of January 27, 2006, corresponding with the date of inspection.

Purpose of the Appraisal

The purpose of this appraisal is to estimate market value of the subject property in fee simple estate as of January 27, 2006.

Function and Intended Use of the Appraisal

The function of this appraisal is to assist the client with determining market value of the property for use in a property exchange between Boise State University, Boise State University Foundation, and the Boise State University Alumni Association. As such, the intended users of this report are the clients, the owner of the subject property and the appointed representatives.

Appraisal Development and Reporting Process (Scope)

The appraisal has been prepared in compliance with the current edition of the Uniform Standards of Professional Appraisal Practices (USPAP) as adopted by the Appraisal Standards Board of the Appraisal Foundation. These standards include departure provisions allowing limitations in scope of the appraisal. In this instance, there is no limitation in scope, as the Cost Approach and the Income Approach to value are not typically used to value vacant land in the Boise market area. As such, the only valuation technique relied upon is the Sales Comparison Approach. There were no limitations in the analysis within the Sales Comparison Approach.

The transmittal of this report is considered restricted, and is intended for the client's use. As such, without further expansion, the report may not be complete enough to convey a meaningful analysis to an unknowledgeable third party. Therefore, it is recommended that this restricted format be expanded to a summary format report should a third party become involved in the scrutiny of the valuation. This report is intended to comply with the Uniform Standards of Professional Appraisal Practice, Standards Rule 2-2(c), as it relates to a restricted use report.

Restricted Appraisal

The appraisers were retained by Boise State Foundation to prepare an appraisal on the subject. Subsequently, the appraisers inspected the subject on January 27, 2006. Finally, data was analyzed by the appraisers after inspecting the subject property. Data has been verified to the best of the appraisers' ability with either a principal in the various transactions or a knowledgeable third party such as a professional real estate broker.

Compliance Provision

The appraiser completing this analysis has the necessary educational and experience backgrounds to provide a service of this type. Additionally, as required by law, the appraiser is certified as a general appraiser by the State of Idaho, CGA-1223. The appraiser was assisted by Dan Oxford, a licensed appraiser trainee in the State of Idaho, RT-1307, in the development of the data analysis and conclusions with regard to the valuation assignment. A list of our qualifications and work experience is attached in the addenda.

Market Value Defined

For purposes of appraisal, market value is defined as follows:

"Market Value' means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- buyer and seller are typically motivated;
- both parties are well informed or well advised, and acting in what they consider their own best interests:
- a reasonable time is allowed for exposure in the open market:
- payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale." 1

Exposure Time Defined

"1. The time a property remains on the market. 2. The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Exposure time is always presumed to occur prior to the effective date of the appraisal. The overall concept of reasonable exposure encompasses not only adequate, sufficient and reasonable time but also adequate, sufficient and reasonable effort. Exposure time is different for various types of real estate and value ranges and under various market conditions." 2

Restricted Appraisal

Exposure Time Comments

For purposes of analysis, it was concluded that the exposure time effectively preceding the date of appraisal would be one year or less.

Site Data (Parcel A)

Parcel A is a rectangular land parcel consisting of five city lots with each lot being approximately 0.14± acres, with a total square footage of 32,172 square feet. The topography is generally level and approximately at grade with adjoining streets. All standard city utilities service the site and the property can be accessed off both University Drive and South Denver. The zoning is R-2, Combined Residential District in the City of Boise. The subject property is currently improved with parking lot; however, the property will be appraised as having on-site city services and as if vacant with no improvements.

Site Data (Parcel B)

Parcel B site is a rectangular land parcel containing 9,652 square feet. Topography is generally level, approximately at grade with adjoining street. All standard utilities service the site and the property has access off of South Grant Road. Zoning is R-2, Combined Residential District in the City of Boise. The parcel is currently improved as a gravel parking lot. However, the parcel will be appraised as if vacant with no improvements.

Property History

The subject has been held by Boise State University for a period of three years or greater. No transactions are known to exist on this property.

Highest and Best Use Defined

A definition of highest and best use is: "the reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value."

More specifically, the highest and best use of land or a site as though vacant is: "Among all reasonable, alternative uses, the use that yields the highest present land value, after payments are made for labor, capital, and coordination. The use of a property based on the assumption that the parcel of land is vacant or can be made vacant by demolishing any improvements."

Analysis

Due to the subject's proximity to Boise State University and the R-2, Combined Residential District zoning of both Parcel A and Parcel B, the highest and best use of the parcels as if vacant would be residential townhouse or professional office development, as either proposed use would be complementary to the needs of students and patrons of Boise State University.

Estimated Market Value of the Subject

Due to the location and zoning of both Parcel A and B, two feasible highest and best uses exist, as both commercial and residential sale comparables indicate similar market value for the subject. Therefore, both a residential comparable grid/location map and commercial comparable grid/location map is presented in the following pages. In both grids, the comparables have been adjusted upward at a rate

Restricted Appraisal

of 10% (calculated monthly) on an annual basis for the time adjusted sales price for the respective sales. In addition, all the comparables are considered to be similar with regard to appeal and location.

In analyzing the residential land comparables after adjusting for market conditions, the value for the subject indicated by the sales ranged from \$11.62 per square foot to \$14.19 per square foot. Using the residential land comparables, it was concluded that the fair market value of the subject would be estimated at \$13.00 per square foot.

In analyzing the commercial land comparables, after adjusting for market conditions and location, the value for the subject indicated by the sales ranged from \$10.03 per square foot to \$13.57 per square foot. Using the commercial land comparables, it was estimated that the fair market value for the subject would be estimated at \$13.00 per square foot.

Due to Parcel A and B similarities in size, configuration, and highest and best use, coupled with the potential buyer pool, it was determined that both parcels would have the same indications of fair market value. As both the commercial and residential comparables indicate a similar market value per square foot, the fair market value for the subject would be estimated at \$13.00 per square foot. The calculation for fair market value is presented below:

Parcel A

32,172 square feet x \$13.00 per square foot = \$418,236 Rounded To: \$418,000

Parcel B

9,652 square feet x \$13.00 per square foot = \$125,476 Rounded To: \$125,000

Reconciliation and Final Market Value Estimate

Parcel A – Only the Sales Comparison Approach has been used to value the subject (Parcel A). The conclusion developed by the Sales Comparison Approach was well supported by data gathered in the marketplace. With this consideration as noted, subject to the Assumptions and Limiting Conditions set forth, and based on the investigations and analyses contained in this report and appraisal files, the estimated market value as of January 27, 2006 was:

FOUR HUNDRED EIGHTEEN THOUSAND DOLLARS

*** (\$418,000) ***

Parcel B – Only the Sales Comparison Approach has been used to value the subject (Parcel B). The conclusion developed by the Sales Comparison Approach was well supported by data gathered in the marketplace. With this consideration as noted, subject to the Assumptions and Limiting Conditions set forth, and based on the investigations and analyses contained in this report and appraisal files, the estimated market value as of January 27, 2006 was:

ONE HUNDRED TWENTY FIVE THOUSAND DOLLARS

*** (\$125,000) ***

It should be clearly understood that this report is a restricted format report, and should be used by the intended user. The appraisers are not responsible for unauthorized use of this report. Any review by a third party should require an expansion of the analysis to a summary format report.

If you should have any further questions, or if we may be of additional assistance, please do not hesitate to call upon us. Thank you for this opportunity to be of service.

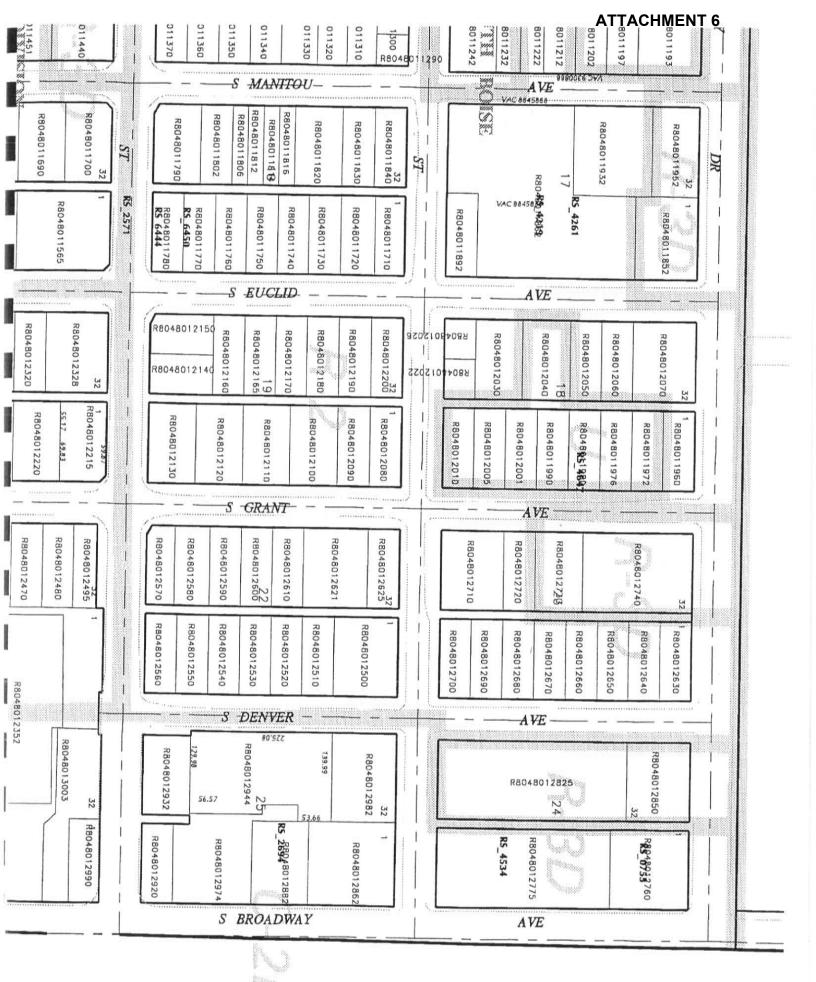

Respectfully submitted,

I. Real and Personal Property and Services

2. Acquisition of Real Property

- a. Any interest in real property acquired for the University of Idaho must be taken in the name of the Board of Regents of the University of Idaho.
- b. Any interest in real property acquired for any other institution, school or agency under the governance of the Board must be taken in the name of the state of Idaho by and through the State Board of Education.
- c. This does not preclude a foundation or other legal entity separate and apart from an institution, school or agency under Board governance from taking title to real property in the name of the foundation or other organization for the present or future benefit of the institution, school or agency. (See Section V.E.)
- d. Acquisition of an option, lease, or any other present or future interest in real property by or on behalf of an institution, school or agency requires prior Board approval if the term of the lease exceeds five (5) years or if the cost exceeds two hundred fifty thousand dollars (\$250,000) annually.
- e. Appraisal.

An independent appraiser must be hired to give an opinion of fair market value before an institution, school or agency acquires fee simple title to real property.

f. Method of sale - exchange of property.

The Board will provide for the manner of selling real property under its control, giving due consideration to Section 33-601(4), applied to the Board through Section 33-2211(5), and to Chapter 3, Title 58, Idaho Code. The Board may exchange real property under the terms, conditions, and procedures deemed appropriate by the Board.

g. Execution.

All easements, deeds, and leases excluding easements, deeds, and leases delegated authority granted to the institutions, school and agencies must be executed and acknowledged by the president of the Board or another officer designated by the Board and attested to and sealed by the secretary of the Board as being consistent with Board action.

BOISE STATE UNIVERSITY

SUBJECT

Planned extension of Boise State University's expansion zone

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.2.

BACKGROUND

In 1997, Boise State University first received State Board of Education approval for a designated expansion zone. In 2003, the Board updated the expansion zone to its current area.

Due to the additional growth, the University has experienced since that time and in consideration of anticipated future growth, the University has identified property located adjacent to campus to accommodate an extension of campus development.

DISCUSSION

The addition to the expansion zone is requested in two parts. The first part of the request is for the designation of property noted in Attachment 1 in the lighter pink color. This is generally described as the area bordered by Boise Avenue, University Drive, Lincoln Avenue and Beacon Street. Some of this property, as noted in the attachment, is already part of the expansion area and part of the current Board approved University Master Plan. The remainder area will be incorporated into the next update to the University Master Plan.

The next part of the request is regarding a portion of the above property that the University has identified to be acquired in the immediate future. This property is noted in Attachment 1 in the dark pink color. This property is generally described as the Oakland Street side (or west half) of block 5 of the existing expansion zone (the west half of block 4 is already Board approved expansion zone) and the North and South sides of Potter Drive. This zone is designated for the expansion of student housing. As shown in Attachment 2, the plan is to develop that area into several residential structures. Currently, all University student housing is at 100% occupancy with waiting lists. The University will begin acquisition of these parcels following Board approval.

IMPACT

Two primary impacts. First, the future of the University's ability to meet the educational needs of the State depend on having the space to educate the students. Much of the future expansion of the University was, at one time, slated for the West Campus location in Nampa. As that has become less likely, the University must begin to plan for future space needs. Expansion of the main campus is the current plan.

Second, as with all expansion zone land, the University may, if necessary and with Board approval, utilize the power of eminent domain to acquire such land when the statutory requirements are met. The University will continue to follow the Board directives on such condemnation with regard to the area identified for acquisition regarding the immediate housing needs. However, the University does not expect to do so with the entire larger area until the Board approves a future use plan.

STAFF AND COMMENTS AND RECOMMENDATIONS

The University is seeking the expansion zone increase first and will update the master plan for the Board's April meeting. The University will likely request approval to pursue a housing project in April in this expansion zone.

Staff recommends the Board require Boise State University provide an updated campus master plan that addresses how this expansion area will meet the University's strategic and academic plans and statewide education objectives.

The Board may exchange real property under the terms, conditions, and procedures deemed appropriate by the Board.

g. Execution.

All easements, deeds, and leases excluding easements, deeds, and leases delegated authority granted to the institutions, school and agencies must be executed and acknowledged by the president of the Board or another officer designated by the Board and attested to and sealed by the secretary of the Board as being consistent with Board action.

BOISE STATE UNIVERSITY

SUBJECT

Office building lease at 220 Park Center Boulevard.

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Sections V.I.2

BACKGROUND

The University requests permission to lease the office building (80,000 square feet of office space) located at 220 Park Center Boulevard in Boise. This building is the former Ore-Ida building currently owned by Supervalu. Supervalu has agreed to sell the land and building valued at approximately \$10,000,000 to the Boise State University Foundation for \$7,000,000 (part sale/part gift) as long as it is put to University use. If the Board approves this concept, the University will return with the lease for approval at the April Board meeting.

DISCUSSION

The overall property value is approximately \$10,000,000 (with final value to be determined by appraisal prior to closing). The land and building will be sold to the Foundation for \$7,000,000 with the remaining value (approximately \$3,000,000) donated to the Foundation. The University will lease the building from the Foundation for an annual lease payment in an amount to cover the Foundation's interest expense to finance the property (a maximum of approximately \$350,000 per year). This equates to a lease rate of \$4.50 per square foot, well below the average for comparable office space (between \$14 and \$15 per square foot).

The lease will be for three years with an option to terminate once the Foundation's loan is retired and the property transferred to the University. The Foundation expects to receive sufficient donations from the Comprehensive Campaign to be able to pay the principle of the loan. As the principle is paid down, the lease rate will reduce accordingly. Once the principle is paid in full, the lease will terminate and the property will be donated to the University.

IMPACT

This location is designated to immediately house several University functions that do not require location on the main campus and thereby free up space on the main campus for instructional needs. Examples include KBSU Radio and the Division of Extended Studies, including the Osher Lifelong Learning Institute.

However, the more important impact is that this location will serve as the home of the University's first dedicated research park. The location is ideal for non-laboratory research space. Previously, the future location for this type of research park was slated for the West Campus. However, this location is closer to the University and its research activities.

I. Real and Personal Property and Services

2. Acquisition of Real Property

- a. Any interest in real property acquired for the University of Idaho must be taken in the name of the Board of Regents of the University of Idaho.
- b. Any interest in real property acquired for any other institution, school or agency under the governance of the Board must be taken in the name of the state of Idaho by and through the State Board of Education.
- c. This does not preclude a foundation or other legal entity separate and apart from an institution, school or agency under Board governance from taking title to real property in the name of the foundation or other organization for the present or future benefit of the institution, school or agency. (See Section V.E.)
- d. Acquisition of an option, lease, or any other present or future interest in real property by or on behalf of an institution, school or agency requires prior Board approval if the term of the lease exceeds five (5) years or if the cost exceeds two hundred fifty thousand dollars (\$250,000) annually.

e. Appraisal.

An independent appraiser must be hired to give an opinion of fair market value before an institution, school or agency acquires fee simple title to real property.

f. Method of sale - exchange of property.

The Board will provide for the manner of selling real property under its control, giving due consideration to Section 33-601(4), applied to the Board through Section 33-2211(5), and to Chapter 3, Title 58, Idaho Code. The Board may exchange real property under the terms, conditions, and procedures deemed appropriate by the Board.

g. Execution.

All easements, deeds, and leases excluding easements, deeds, and leases delegated authority granted to the institutions, school and agencies must be executed and acknowledged by the president of the Board or another officer designated by the Board and attested to and sealed by the secretary of the Board as being consistent with Board action.

IDAHO STATE UNIVERSITY

SUBJECT

Renovation of the Meridian Facility

REFERENCES

October 2006 ISU followed Board policy and procedures dealing with land

acquisition. A discussion occurred in Executive Session.

February 2007 At the direction of the Board, ISU provided an analysis of

potential properties, which included land available for development; constructing a building at Boise State University or at a hospital site; existing buildings, including the Meridian facility (previously referred to as the "Jabil" building). The Meridian facility being offered by the Meridian School District was described as the most viable property.

April 2007 The Board approved the purchase of approximately one-

third of a building owned by Joint School District No. 2 for \$5,200,000, and for the Division of Public Works (DPW) to issue an RFP for the design and cost estimate; and to accept a grant of \$5,000,000 from the ALSAM Foundation.

August 2007 The Board approved the issuance of General Revenue

Bonds (2007 Bonds) to provide additional financing for the

purchase and renovation of the Meridian Facility.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Polices & Procedures, Section V.K.

BACKGROUND

The State Board of Education, at the April 2007 meeting, gave approval for the DPW to issue an RFP for a design firm to create the design and cost estimate for the remodel project (remodel).

ISU requests permission to direct DPW to complete construction drawings and complete the remodel.

DISCUSSION

Idaho State University purchased approximately one-third of the building owned by the Meridian Joint School District No. 2, and has directed DPW to contract with a design firm and develop a design and cost estimate.

Hummel Architects has been selected to design the remodel. A Construction Manager delivery method will be used. The master planning for the building and programming for the remodel has been completed. Cost estimates have been completed by the contracted architects with assistance from Lemley Engineering International, who is donating a substantial amount of engineering services to this project.

The current remodel budget is \$8,682,990 and will renovate space for occupancy by ISU programs currently housed in leased space, as well as additional space for College of Pharmacy expansion. The construction management delivery method was selected to assure the project will stay within this budget. The project is being designed to meet the original budget with space identified and designed for additional remodeling as funding becomes available.

IMPACT

The remodel is funded from the \$5,000,000 grant from the ALSAM Foundation and from bonds approved during the August 2007 State Board of Education meeting.

Attachment 1- Capital Project Tracking Sheet

Page 5

STAFF COMMENTS AND RECOMMENDATIONS

On February 5, 2008, the Permanent Building Fund Advisory Council approved the final rankings of firms and authorized proceeding with contract negotiations for a construction manager. The highest ranking firm for construction management was Sletten Companies of Boise. The total costs of purchase and remodel for this project is \$13,882,990, approximately the budget of \$14,000,000 provided at the August 2007 Board meeting.

The source of funds for this project is a \$5,000,000 grant from the ALSAM Foundation and \$8,882,990 from bonds.

The Department of Public Works is still working on the specific schematic of this project.

Staff recommends approval.

BOARD ACTION

A motion to approve Idaho State University's request to proceed with construction of the renovation of the Meridian Facility and to authorize the Division of Public Works to award a construction management delivery contract to Sletten Companies of Boise for a total project budget not to exceed \$13,882,990.

1. Major Project Approvals - Proposed Plans

Without regard to the source of funding, before any institution, school or agency under the governance of the Board begin formal planning to make capital improvements, either in the form of renovation or addition to or demolition of existing facilities, when the cost of the project is estimated to exceed five hundred thousand dollars (\$500,000), must first be submitted to the Board for its review and approval. All projects identified on the institutions', school's or agencies' six-year capital plan must receive Board approval.

2. Project Approvals

Without regard to the source of funding, proposals by any institution, school or agency under the governance of the Board to make capital improvements, either in the form of renovation or addition to or demolition of existing facilities, when the cost of the project is estimated to be between two hundred fifty thousand dollars (\$250,000) and five hundred thousand dollars (\$500,000), must first be submitted to the executive director for review and approval. Without regard to the source of funding, proposals by any institution, school or agency under the governance of the Board to make capital improvements, either in the form of renovation or addition to or demolition of existing facilities or construction of new facilities, when the cost of the project is estimated to exceed five hundred thousand dollars (\$500,000), must first be submitted to the Board for its review and approval. Project cost must be detailed by major category construction cost, architecture fees, contingency funds, and other). When a project is under the primary supervision of the Board of Regents or the Board and its institutions, school or agencies, a separate budget line for architects, engineers, or construction managers and engineering services must be identified for the project cost. Budgets for maintenance, repair, and upkeep of existing facilities must be submitted for Board review and approval as a part of the annual operating budget of the institution, school or agency.

3. Fiscal Revisions to Previously Approved Projects

Project revisions that substantially alter the use of the project causing changes in project costs between two hundred fifty thousand dollars (\$250,000) and five hundred thousand dollars (\$500,000) must first be submitted to the executive

director for review and approval. Changes in project costs of more than five hundred thousand dollars (\$500,000) must first be submitted to the Board for its review and approval. Requests must be supported by a revised detailed project budget and justification for changes.

4. Project Acceptance

Projects under the supervision of the Department of Administration are accepted by the Department on behalf of the Board and the state of Idaho. Projects under the supervision of an institution, school or agency are accepted by the institution, school or agency and the project architect. Projects under the supervision of the University of Idaho are accepted by the University on behalf of the Board of Regents.

5. Statute and Code Compliance

- a. All projects must be in compliance with Section 504 of the Rehabilitation Act of 1973 and must provide access to all persons. All projects must be in compliance with applicable state and local building and life-safety codes and applicable local land-use regulations as provided in Chapter 41, Title 39, and Section 67-6528, Idaho Code.
- b. In designing and implementing construction projects, due consideration must be given to energy conservation and long-term maintenance and operation savings versus short-term capital costs.

UNIVERSITY OF IDAHO

SUBJECT

Progress Report on Idaho Center for Livestock and Environmental Studies (ICLES) – Information Item

REFERENCE

October 2006 Regents approval of an additional Line Item for the

Agricultural Research and Extension Service for FY 2008 in the amount of \$10 million General Funds, for

a Research Dairy Facility.

January 2007 Regents approval of the request by the University of

Idaho to seek a one-time appropriation of general funds for Agriculture Extension Service for FY 2008 in the amount of \$10 million from the Idaho Legislature, and to seek modification of the federal Morrill Act for the purpose of allowing the State of Idaho to apply real estate assets in the Agriculture College Endowment for acquisition of real estate, buildings and fixtures for experimental farms, and provide these assets to the University of Idaho for use as the

endowment beneficiary.

April, 2007 Legislature appropriates \$10 million for ICLES and

joint Idaho State Dept. of Agriculture/Idaho Dept. of Fish & Game facilities – contingent upon revisions to Morrill Act to allow use of Agricultural Endowment assets, and requiring final recommendation from the Governor and approval from the Regents prior to

release of funds.

July, 2007 Congress passes revision to Idaho Admissions Act to

allow use of Agricultural Endowment assets.

January, 2008 Regents approval for planning expenditure and

instruction to report on project progress at future

meetings.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.K.

BACKGROUND

As part of the Regents' approval for expenditure of planning funds, the University was instructed to report on the progress of the ICLES project at future meetings of the Regents.

DISCUSSION

The University will update the Regents on the progress of the ICLES project to date.

IMPACT

This will be an informational item only. There will be no fiscal impact.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

Approval of Settlement Terms

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.7. Idaho Code Section 67-2345(d), (e) and (f).

DISCUSSION

Pursuant to Idaho Code Section 67-2345(d), (e) and (f), this item will be discussed in executive session.

IMPACT

After considering probable litigation in executive session and materials submitted to the Board by counsel, if the Board wishes, a settlement agreement can be considered in the public session. Settlement will resolve the disputes between the parties pursuant to the settlement terms which will be contained in a written settlement document. Upon acceptance by the parties, the settlement document will become a public document.

STAFF COMMENTS AND RECOMMENDATIONS

Staff has no comment on this item.

BOARD ACTION

A motion to approve the settlement terms discussed in executive session, as set forth in the written settlement agreement presented to the Board in open session, and to authorize the President of the Board to execute the settlement agreement.

Idaho Statutes

TITLE 67
STATE GOVERNMENT AND STATE AFFAIRS
CHAPTER 23
MISCELLANEOUS PROVISIONS

§ 67-2345. Executive sessions -- When authorized

- (1) Nothing contained in this act shall be construed to prevent, upon a two-thirds (2/3) vote recorded in the minutes of the meeting by individual vote, a governing body of a public agency from holding an executive session during any meeting, after the presiding officer has identified the authorization under this act for the holding of such executive session. An executive session may be held:
- (a) To consider hiring a public officer, employee, staff member or individual agent. This paragraph does not apply to filling a vacancy in an elective office;
- (b) To consider the evaluation, dismissal or disciplining of, or to hear complaints or charges brought against, a public officer, employee, staff member or individual agent, or public school student;
- (c) To conduct deliberations concerning labor negotiations or to acquire an interest in real property which is not owned by a public agency;
- (d) To consider records that are exempt from disclosure as provided in chapter 3, title 9, Idaho Code;
- (e) To consider preliminary negotiations involving matters of trade or commerce in which the governing body is in competition with governing bodies in other states or nations;
- (f) To consider and advise its legal representatives in pending litigation or where there is a general public awareness of probable litigation;
 - (g) By the commission of pardons and parole, as provided by law;
- (h) By the sexual offender classification board, as provided by chapter 83, title 18, Idaho Code;
- (i) By the custody review board of the Idaho department of juvenile corrections, as provided by law.
- (2) Labor negotiations may be conducted in executive session if either side requests closed meetings. Notwithstanding the provisions of section 67-2343, Idaho Code, subsequent sessions of the negotiations may continue without further public notice.
- (3) No executive session may be held for the purpose of taking any final action or making any final decision.

Capital Project Authorization Increase Request, HVAC and Roof Upgrades, the Joe Marshall Potato Research Building, Aberdeen Research & Extension Center, University of Idaho, Aberdeen, Idaho

REFERENCE

June, 1999 Initial Authorization for Feasibility and Evaluation

Study.

November, 1999 Initial Capital Project Authorization for Planning,

Design and Construction Implementation.

December, 2007 Capital Project Authorization Increase Request,

Regular Board Meeting, December, 2007.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedure, Section, V.K.1 & V.K.2.

BACKGROUND

This is a request for additional Regent's Authorization to implement upgrades and improvements to the HVAC and roofing systems at the Joe Marshall Potato Research Building, Aberdeen Research & Extension Center, Aberdeen, Idaho. This request is based upon actual bids for the project received by the university.

DISCUSSION

This project to make needed and required HVAC improvements and upgrades was included as a component of the 1999C Bond Issue. The intent of that bond issue was to make miscellaneous research infrastructure improvements at various University of Idaho sites distributed across the State of Idaho.

The current Regents' Authorization level of \$800,000 was set during the regular board meeting in December of 2007.

Based upon this authorization, the university issued an Advertisement for Bid on December 18th, 2007 for the project. Two bids were received by the university on January 24th, 2008. The bids were within 3% of each other, indicating a fair market value, but they were significantly above the budgeted construction allowance. The university has evaluated the bids and determined that they are fair and reasonable representation of the current market conditions, reflecting the recent increases in the pricing of metals and other construction commodities.

At this time, the university and the College of Agricultural and Life Sciences have determined that sufficient series 1999C bond proceeds remain and other identified college capital funds to allow the project to proceed. The university is therefore ready to proceed with the construction implementation of the project. The apparent low bidder has verified their bid and is ready to proceed as soon as the project can be awarded.

The current total project estimate based upon the bids received for this effort is \$1,370,000. The university will report any variations or deviations from this project cost estimate, if any, as construction proceeds.

The project is fully consistent with the university's strategic plan, specifically, <u>Goal Two, Scholarly and Creativity Activity</u> and <u>Goal 3, Outreach and Engagement.</u>

IMPACT

Immediate fiscal impact of this effort is \$1,370,000. The project fund source is remaining series 1999C bond proceeds and other identified capital funds within the College of Agricultural and Life Sciences.

<u>Funding</u>		Estimate Budget	
State	\$ 0	Construction	\$1,140,000
Federal (Grant):	0	A/E & Consultant Fees	65,000
Other (State & UI)	1,370,000	Contingency	<u>165,000</u>
Total	\$ 1,370,000	Total	\$ 1,370,000

ATTACHMENTS

Attachment 1-Project Budget Summary	Page 5
Attachment 2-Capital Project Tracking Sheet	Page 7
Attachment 3-Bid Results Review from Architect	Page 9

STAFF COMMENTS AND RECOMMENDATIONS

At the December 2007 Board meeting, the cost of the project increased to \$800,000 and was attributed to a significant increase in the scope of work due to unforeseen conditions of the existing systems. The \$800,000 estimate was based upon the architect's recent estimate of construction costs.

Staff requested more information regarding the increase cost estimate and have included a letter from the mechanical engineer provided by the university on page 9 which explains the increase in the HVAC work where the majority of the cost increase occurred.

Staff recommends approval.

BOARD ACTION

A motion to approve the request by the University of Idaho to increase the Capital Project Authorization for the HVAC and Roof Upgrades, the Joe Marshall Potato Research Building, Aberdeen Research & Extension Center, University of Idaho, Aberdeen, Idaho, from \$800,000 to \$1,370,000 to allow for the full implementation of the construction phase based upon actual bids received by the university.

Office of the Idaho State Board of Education Capital Project Tracking Sheet

As of February 6, 2008

History Narrative

1 Institution/Agency: University of Idaho Project: HVAC and Roof Upgrades, the Joe Marshall Potato Research Building,

Aberdeen Research & Extension Center, University of Idaho, Aberdeen, Idaho

² Project Description: Implement upgrades and improvements to the HVAC and Roofing systems at the Joe Marshall Potato Research Building,

Aberdeen Research & Extension Center, Aberdeen, Idaho.

3 **Project Use:** Replaces and upgrades existing HVAC and Roofing systems that are at the end of their life cycle.

4 Project Size: N/A

RE:

U OF I MARSHALL POTATO RESEARCH LAB

BID RESULTS REVIEW

Daryle:

I have conducted a review of the bid results versus the cost estimate for mechanical systems. The large disparity between the estimate and the bid amount greatly concerns me and I felt I needed to attempt to determine where the two differed. Several discrepancies became apparent as I reviewed the estimate and discussed the costs of individual line items with the contractor.

My latest cost estimate for mechanical systems was prepared in May 2006. The estimate was not adjusted for construction cost escalation that has occurred in the meantime. Escalation would have added approximately \$291,000 to my original estimate, coming primarily from material cost increases for major equipment that range from 50% increase to 100% increase over what I had obtained from manufacturers several year ago.

In addition, my estimate did not include some significant items, such as boiler flue, testing adjusting and balancing, hoisting, and controls. These items amount to approximately \$173,000.

With these changes added to my previous estimate, the total would come to approximately \$766,000. The final difference of approximately \$48,000 most likely can be accounted for in increased labor costs and additional costs related to the location of the work site (shipping costs, per diem, etc.)

I would have liked to have prepared a more accurate estimate. Please accept my apologies for the large disparity.

If you have any questions, please call.

Sincerely,

David B. Moore, P.E.

L&S Engineering Associates, Inc.

K. Construction Projects

1 Major Project Approvals – Proposed Plans

Without regard to the source of funding, before any institution, school or agency under the governance of the Board begin formal planning to make capital improvements, either in the form of renovation or addition to or demolition of existing facilities, when the cost of the project is estimated to exceed five hundred thousand dollars (\$500,000), must first be submitted to the Board for its review and approval. All projects identified on the institutions', school's or agencies' six-year capital plan must receive Board approval.

2 Project Approvals

Without regard to the source of funding, proposals by any institution, school or agency under the governance of the Board to make capital improvements. either in the form of renovation or addition to or demolition of existing facilities. when the cost of the project is estimated to be between two hundred fifty thousand dollars (\$250,000) and five hundred thousand dollars (\$500,000). must first be submitted to the executive director for review and approval. Without regard to the source of funding, proposals by any institution, school or agency under the governance of the Board to make capital improvements, either in the form of renovation or addition to or demolition of existing facilities or construction of new facilities, when the cost of the project is estimated to exceed five hundred thousand dollars (\$500,000), must first be submitted to the Board for its review and approval. Project cost must be detailed by major category (construction cost, architecture fees, contingency funds, and other). When a project is under the primary supervision of the Board of Regents or the Board and its institutions, school or agencies, a separate budget line for architects, engineers, or construction managers and engineering services must be identified for the project cost. Budgets for maintenance, repair, and upkeep of existing facilities must be submitted for Board review and approval as a part of the annual operating budget of the institution, school or agency.

EASTERN IDAHO TECHNICAL COLLEGE

SUBJECT

Professional-Technical High School on the college campus

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.5.b

BACKGROUND

Eastern Idaho Technical College (EITC) has had preliminary discussion with the superintendents of School Districts #91 and #93 regarding the possibility of establishment and construction of a regional Professional-Technical High School on the college campus.

DISCUSSION

College personnel propose to engage in more substantive discussions with District personnel to determine the feasibility of such a partnership, preferred construction funding methods, and the most advantageous operational relationships among participating entities. If a plan that is agreeable to all parties is reached, the full proposal will be brought to the Board for review and approval.

STAFF COMMENTS AND RECOMMENDATIONS

The EITC campus includes 63 acres with 23 available for development.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

Board retirement plans review

REFERENCE

January 2004 Board adopted updates to the Optional

Retirement Plan.

December 2004 Board adopted a Supplemental Retirement

403(b) Plan to expand the capacity of the existing Optional Retirement Program and PERSI for employees whose income exceeds the amount allowable by Internal Revenue

Code Section 401(a)(17).

December 2005 Board adopted a Deferred Compensation Plan

for participants in the Idaho Optional Retirement Plan under Internal Revenue Code

Section 457.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section II.K.2 Sections 33-107A, 33-107B, 59-513 Idaho Code

BACKGROUND

SBOE Optional Retirement Program. Since 1991 the Board of Education has offered an Optional Retirement Program (ORP) under IRS Code Section 401(a), for higher education faculty and managerial/professional staff. This program is separate from the state Public Employee Retirement Program (PERSI). The Board has selected two vendors in Idaho for ORP investment products: AIG VALIC and TIAA-CREF.

SBOE 403(b) Supplemental Retirement Plan. In December 2004, an additional Supplemental Retirement Plan was approved by the Board under IRS Code Section 403(b). However, the Supplemental Retirement Plan is only available for highly compensated employees (employees whose salary exceeds the IRS Code Section 401(a) (17) cap). The Board has selected two vendors in Idaho for 403(b) Supplemental Retirement investment products: AIG VALIC and TIAA-CREF.

SBOE 457 Deferred Compensation Plan. In December 2005, the Board adopted a Deferred Compensation Plan for participants in the Idaho Optional Retirement Plan under Internal Revenue Code Section 457. This plan is available to all employees eligible to participate in the ORP. The Board has selected two vendors in Idaho for 457 Deferred Compensation Plan investment products: AIG VALIC and TIAA-CREF.

<u>Institutions' 403(b) Deferred Compensation Plans</u>. Separately, the institutions also offer deferred compensation plans under IRS Code Section 403(b) with a variety of vendors, including AIG VALIC and TIAA-CREF. The institutions also permit employees to participate in deferred compensation plans offered by the State of Idaho under IRS Code Sections 401(k) and 457.

DISCUSSION

The Internal Revenue Service ("IRS") issued final regulations under Internal Revenue Code ("Code") Section 403(b), which are generally effective January 1, 2009. The primary purposes of this newest set of regulations are to organize and consolidate Section 403(b) guidance issued since 1964 and to override prior guidance that no longer applies. The final regulations also provide additional flexibility, introduce new restrictions, and attempt to make 403(b) programs operate more like 401(k) plans, although key differences remain. One significant change is the creation of a plan document requirement for all 403(b) plans, whether the plan consists of employer contributions, employee deferrals, or a combination.

The IRS has also issued new procedures for obtaining IRS approval of 401(a) plans like the ORP. In the case of governmental 401(a) plans, the IRS procedures state that filings for updated IRS approval must be made during the 12 month period of Febraury 1, 2008 through January 31, 2009. The IRS approval (called a "determination letter") is the only way to confirm that the 401(a) plan is in compliance with the details of numerous complex tax law changes and remains tax qualified.

To address these changes, staff and legal counsel have approached counsel retained by the Attorney General's Office for the SBOE retirement plans. Her recommendations are as follows:

- The ORP should be updated and filed with the IRS for a new determination letter (This last occurred in October 24, 2002.).
- The Supplemental Retirement 403(b) Plan must be revised in response to final 403(b) regulations.

The 457(b) Deferred Compensation Plan appears to be generally in compliance with legal requirements.

With respect to the institutions, their separate 403(b) Deferred Compensation Plans also must be revised to create plan documents required under the new IRS regulations. The institutions have requested the Board adopt a new 403(b) deferred compensation plan to take the place of the institutions' collective separate plans. If this action is approved, the institutions also have requested that the number of vendors be reduced to a maximum of five vendors. New enrollees would be permitted to select from one of the five approved vendors.

An SBOE 403(b) Deferred Compensation Plan would ensure consistency with the other Board sponsored retirement plans, and reduce the number of plan sponsors at each institution to a manageable list of "approved" vendors to facilitate compliance.

IMPACT

Staff has developed a preliminary plan to implement an SBOE 403(b) Deferred Compensation Plan, which would be in addition to the SBOE existing 457 Deferred Compensation Plan. The new plan would supersede all 403(b) plans at the institutions. Some of the steps necessary to implement the 403(b) plan are the following:

- Solicit vendor questionnaires to assess potential vendor's products, fees, and related plan and compliance services.
- Determine procedures for selecting "approved" vendors and method for adding and deleting vendors
- Determine which vendors will be "approved" vendors in the initial Plan
- Board approve 403(b) Plan in time to allow vendors to implement related plan and compliance services

STAFF COMMENTS AND RECOMMENDATIONS

Staff will work closely with the Finance Committee and the institutions to implement a new SBOE 403(b) Deferred Compensation Plan, and revisions to the ORP and SBOE 403(b) Supplemental Retirement Plan. Draft plan language will be presented to the Board at a subsequent meeting.

BOARD ACTION

A motion to direct the Interim Executive Director for the Office of the State Board of Education to proceed with revising the SBOE's ORP and 403(b) Supplemental Retirement Plan, as needed, and to prepare an SBOE 403(b) Deferred Compensation Plan to replace the separate 403(b) plans which have been offered by the institutions.

Subsection: K. Retirement Programs – All Employees April 2002

K. Retirement Programs - All Employees

2. Optional Retirement Program (reference Idaho Code 33-107A, 33-107B)

The Board is authorized to establish a retirement program under which contracts providing retirement and death benefits may be purchased for members of the faculty and nonclassified staff of the University of Idaho, Idaho State University, Boise State University, Lewis-Clark State College, Eastern Idaho Technical College, the College of Southern Idaho, North Idaho College and the Office of the State Board of Education. The Board provides for the administration of the Optional Retirement Program in accordance with the Idaho State Board of Education Optional Retirement Plan (hereinafter "the Plan"), a copy of which is on file at the Office of the State Board of Education and at the institutions mentioned above. The Plan may be amended from time to time in accordance with its terms and applicable regulations of the Internal Revenue Service.

- a. Designation Of Contract Providers The Board shall designated companies from which contracts are to be purchased under the optional retirement program.
- b. Eligible Employees Eligible employees are those active faculty and nonclassified employees initially hired or appointed on or after July 1, 1990. Vested members of PERSI may make a one time, irrevocable election to remain in PERSI if made within the time limited allowed in state law. Eligible employees shall participate in the Optional Retirement Program. "Eligible employees" shall exclude classified employees, employees whose employment is expected to be less than five (5) months, and employees whose employment is incidental to their status as students at the institution.

TITLE 33
EDUCATION
CHAPTER 1
STATE BOARD OF EDUCATION

33-107A. BOARD MAY ESTABLISH AN OPTIONAL RETIREMENT PROGRAM.

- (1) The state board of education may establish an optional retirement program under which contracts providing retirement and death benefits may be purchased for members of the teaching staff and officers of the university of Idaho, Idaho state university, Boise state university, Lewis Clark state college and the state board of education who are hired on or after July 1, 1993; provided, however, that no such employee shall be eligible to participate in an optional retirement program unless he would otherwise be eligible for membership in the public employee retirement system of Idaho. The benefits to be provided for or on behalf of participants in an optional retirement program shall be provided through annuity contracts or certificates, fixed or variable in nature, or a combination thereof, whose benefits are owned by the participants in the program.
- (2) The state board of education is hereby authorized to provide for the administration of the optional retirement program and to perform or authorize the performance of such functions as may be necessary for such purposes. The board shall designate the company or companies from which contracts are to be purchased under the optional retirement program and shall approve the form and contents of such contracts. In making the designation and giving approval, the board shall consider:
 - (a) The nature and extent of the rights and benefits to be provided by such contracts for participants and their beneficiaries;
 - (b) The relation of such rights and benefits to the amount of contributions to be made;
 - (c) The suitability of such rights and benefits to the needs of the participants and the interests of the institutions in the recruitment and retention of staff members; and
 - (d) The ability of the designated company to provide such suitable rights and benefits under such contracts.
- (3) Elections to participate in an optional retirement program shall be as follows:
 - (a) Eligible employees are:
 - (i) Those faculty and nonclassified staff initially appointed or hired between July 1, 1990 and June 30, 1993; and
 - (ii) Those teaching staff and officers initially appointed or hired on or after July 1, 1993.

All eligible employees, except those who are vested members of the public employee retirement system of Idaho, shall participate in the optional retirement program.

- (b) Vested members of the public employee retirement system of Idaho may make a one (1) time irrevocable election to remain a member of that retirement system. The election shall be made in writing, within sixty (60) days of the date of initial hire or appointment or the effective date of this act, whichever occurs later. It shall be filed with the administrative officer of the employing institution.
- (c) An election by an eligible employee of the optional retirement program shall be irrevocable and shall be accompanied by an appropriate application, where required, for issuance of a contract or contracts under the program.
- (d) The accumulated contributions of employees who make the one (1) time irrevocable election or are required to participate in the optional retirement program may be transferred by the public employee retirement system of Idaho to such qualified plan, maintained under the optional retirement program, as designated in writing by the employee.
- (4) (a) Each institution shall contribute on behalf of each participant in its optional retirement program the following:
 - (i) To the designated company or companies, an amount equal to seven and eighty-one hundredths percent (7.81%) of each participant's salary, reduced by any amount necessary, if any, to provide contributions to a total disability program provided either by the state or by a private insurance carrier licensed and authorized to provide such benefits or any combination thereof, but in no event less than five percent (5%) of each participant's salary; and
 - (ii) To the public employee retirement system, an amount equal to three and three one-hundredths percent (3.03%) of salaries of members who are participants in the optional retirement program. This amount shall be paid until July 1, 2015, and is in lieu of amortization payments and withdrawal contributions required pursuant to chapter 13, title 59, Idaho Code.
 - (b) Each participant shall contribute an amount equal to six and ninety-seven hundredths percent (6.97%) of the participant's salary. Employee contributions may be made by employer pick-up pursuant to section 59-1332, Idaho Code.
 - (c) Payment of contributions authorized or required under this subsection shall be made by the financial officer of the employing institution to the designated company or companies for the benefits of each participant.
- (5) Any person participating in the optional retirement program shall be ineligible for membership in the public employee retirement system of Idaho so long as he remains continuously employed in any teaching staff position or as an officer with any of the institutions under the jurisdiction of the state board of education.
- (6) A retirement, death or other benefit shall not be paid by the state of Idaho or the state board of education for services credited under the optional retirement program. Such benefits are payable to participants or their beneficiaries only by the designated company or companies in accordance with the terms of the contracts.

Idaho Statutes

TITLE 33
EDUCATION
CHAPTER 1
STATE BOARD OF EDUCATION

33-107B. BOARD MAY ESTABLISH AN OPTIONAL RETIREMENT PROGRAM FOR COMMUNITY COLLEGES AND POSTSECONDARY PROFESSIONAL-TECHNICAL EDUCATION INSTITUTIONS.

- (1) The state board of education may establish an optional retirement program under which contracts providing retirement and death benefits may be purchased for members of the teaching staff and officers of community colleges and postsecondary professional-technical education institutions, including north Idaho college, college of southern Idaho and eastern Idaho technical college, hired on or after July 1, 1997; provided however, that no such employee shall be eligible to participate in an optional retirement program unless he would otherwise be eligible for membership in the public employee retirement system of Idaho. The benefits to be provided for or on behalf of participants in an optional retirement program shall be provided through annuity contracts or certificates, fixed or variable in nature, or a combination thereof, whose benefits are owned by the participants in the program.
- (2) The state board of education is hereby authorized to provide for the administration of the optional retirement program and to perform or authorize the performance of such functions as may be necessary for such purposes. The board shall designate the company or companies from which contracts are to be purchased under the optional retirement program and shall approve the form and contents of such contracts. In making the designation and giving approval, the board shall consider:
 - (a) The nature and extent of the rights and benefits to be provided by such contracts for participants and their beneficiaries;
 - (b) The relation of such rights and benefits to the amount of contributions to be made;
 - (c) The suitability of such rights and benefits to the needs of the participants and the interests of the institutions in the recruitment and retention of staff members; and
 - (d) The ability of the designated company to provide such suitable rights and benefits under such contracts.
- (3) Elections to participate in an optional retirement program shall be as follows:
 - (a) Eligible employees are the teaching staff and officers initially appointed or hired on or after the effective date of this chapter. All eligible employees, except those who are vested members of the public employee retirement system of Idaho, shall participate in the optional

retirement program.

- (b) Eligible employees who are vested members of the public employee retirement system of Idaho may make a one (1) time irrevocable election to transfer to the optional retirement program. The election shall be made in writing and within sixty (60) days of the date of initial hire or appointment, or one hundred fifty (150) days after the effective date of this chapter, whichever occurs later. The election shall be filed with the administrative officer of the employing institution. The election shall be effective not later than the first day of the second pay period following the date of the election.
- (c) Teaching staff and officers employed by the institution the day before the effective date of this chapter may make a one (1) time irrevocable election to participate in the optional retirement program. The election shall be made in writing and within one hundred fifty (150) days after the effective date of this chapter. The election shall be filed with the administrative officer of the employing institution. The election shall be effective not later than the first day of the second pay period following the date of the election.
- (d) The accumulated contributions of employees who make the one (1) time irrevocable election or are required to participate in the optional retirement program may be transferred by the public employee retirement system of Idaho to such qualified plan, maintained under the optional retirement program, as designated in writing by the employee.
- (e) An election by an eligible employee of the optional retirement program shall be irrevocable and shall be accompanied by an appropriate application, where required, for issuance of a contract or contracts under the program.
- (4) (a) Each institution shall contribute on behalf of each participant in its optional retirement program the following:
 - (i) To the designated company or companies, an amount equal to seven and eighty-one hundredths percent (7.81%) of each participant's salary, reduced by any amount necessary, if any, to provide contributions to a total disability program provided either by the state or by a private insurance carrier licensed and authorized to provide such benefits, or any combination thereof, but in no event less than five percent (5%) of each participant's salary; and
 - (ii) To the public employee retirement system, an amount equal to three and eighty-three hundredths percent (3.83%) of salaries of members who are participants in the optional retirement program. This amount shall be paid until July 1, 2011 and is in lieu of amortization payments and withdrawal contributions required pursuant to chapter 13, title 59, Idaho Code.
 - (b) For the purposes of section 59-1322, Idaho Code, the term "projected salaries" shall include the sum of the annual salaries of all participants in the optional retirement program established pursuant to this section.

- (c) Each participant shall contribute an amount equal to six and ninety-seven hundredths percent (6.97%). Employee contributions may be made by employer pick-up pursuant to section 59-1332, Idaho Code.
- (5) Any person participating in the optional retirement program shall be ineligible for membership in the public employee retirement system of Idaho so long as he remains continuously employed in any teaching staff position or as an officer with any of the institutions under the jurisdiction of the state board of education.
- (6) A retirement, death or other benefit shall not be paid by the state of Idaho or the state board of education for services credited under the optional retirement program. Such benefits are payable to participants or their beneficiaries only by the designated company or companies in accordance with the terms of the contracts.

REFERENCE - APPLICABLE STATUTE, RULE, OR POLICY - continued

Idaho Statutes

TITLE 59
PUBLIC OFFICERS IN GENERAL
CHAPTER 5
SALARIES OF OFFICERS

59-513. DEFERRED COMPENSATION PROGRAMS FOR EMPLOYEES OF STATE OR

POLITICAL SUBDIVISIONS. The state of Idaho, the state board of education for those employees eligible for participation in the optional retirement programs created in sections 33-107A and 33-107B, Idaho Code, and any county, city, or political subdivision of the state acting through its governing body, is hereby authorized to contract with an employee to defer all or a portion of that employee's income, and may subsequently with the consent of the employee, invest such deferred income in a funding medium for the purpose of funding a deferred compensation program for the employee.

The state board of examiners shall supervise and regulate the deferred compensation program for state employees, and may adopt rules to implement such a program; provided however, that the state board of education shall supervise and regulate any deferred compensation program it establishes and may adopt rules to implement such a program.

The governing body of any county, city, or political subdivision of the state, shall supervise and regulate the deferred compensation program for its employees.

In no event shall the amount of income an employee elects to defer exceed the total annual salary, or compensation under the existing salary schedule or classification plan applicable to such employee in such year. Any income deferred under such a plan shall continue to be included as regular compensation for the purpose of computing the retirement contributions and pension benefits earned by any employee, but any sum so deferred shall not be included in the computation of any income taxes withheld on behalf of any such employee.

Coverage of an employee under a deferred compensation plan under this section shall not render such employee ineligible for simultaneous membership and participation in the pension systems for public employees which are otherwise provided for.

For the purposes of this section the state controller is authorized to make such deductions from salary for any employee of the state who has authorized such deductions in writing, and the state board of examiners may designate administrative agents for the state of Idaho to execute all necessary agreements pertaining to the deferred compensation program.

For the purposes of this section, the term "employee" includes elected or appointed officials.

TITLE 67
STATE GOVERNMENT AND STATE AFFAIRS
CHAPTER 23
MISCELLANEOUS PROVISIONS

§ 67-2345. Executive sessions -- When authorized

- (1) Nothing contained in this act shall be construed to prevent, upon a two-thirds (2/3) vote recorded in the minutes of the meeting by individual vote, a governing body of a public agency from holding an executive session during any meeting, after the presiding officer has identified the authorization under this act for the holding of such executive session. An executive session may be held:
- (a) To consider hiring a public officer, employee, staff member or individual agent. This paragraph does not apply to filling a vacancy in an elective office;
- (b) To consider the evaluation, dismissal or disciplining of, or to hear complaints or charges brought against, a public officer, employee, staff member or individual agent, or public school student;
- (c) To conduct deliberations concerning labor negotiations or to acquire an interest in real property which is not owned by a public agency;
- (d) To consider records that are exempt from disclosure as provided in chapter 3, title 9, Idaho Code;
- (e) To consider preliminary negotiations involving matters of trade or commerce in which the governing body is in competition with governing bodies in other states or nations;
- (f) To consider and advise its legal representatives in pending litigation or where there is a general public awareness of probable litigation;
 - (g) By the commission of pardons and parole, as provided by law;
- (h) By the sexual offender classification board, as provided by chapter 83, title 18, Idaho Code:
- (i) By the custody review board of the Idaho department of juvenile corrections, as provided by law.
- (2) Labor negotiations may be conducted in executive session if either side requests closed meetings. Notwithstanding the provisions of *section 67-2343*, *Idaho Code*, subsequent sessions of the negotiations may continue without further public notice.
- (3) No executive session may be held for the purpose of taking any final action or making any final decision.
